

Strengthening Communities, Supporting Families

Partner Statement of Commitment

Our organization, the Department for Community Based Services, is committed to being an active member of the Thriving Families, Safer Children Kentucky Partnership. We are committed to the vision, goals, objectives, and strategies of this Partnership. We are committed to build our knowledge and capacity to promote family well-being across the Commonwealth.

As General Evidence of Our Commitment, We Agree to the Following:

To
Connect
Engage
Collaborate, and
Grow in shared knowledge
With partners who have a vested interest in
Developing
Modeling, and
Promoting
State-level initiatives locally cultivating the national effort to promote
Overall child and family well-being
Racial and cultural Equity, and
Positive outcomes for children and families
Through an intentional, coordinated investment in
A full continuum of prevention
Robust community-based networks of support, and
Positive family-centered message framing and communication

We understand this effort will only succeed through intentional collaboration and communication. We understand being a part of this team means self-assessing our priorities, advancing our equity goals, and engaging those with lived experience. We want to be successful in rethinking child welfare by creating conditions for strong, healthy communities where families are supported, and children are free from harm.
