### **3. 907 KAR 1:044**

A. This administrative regulation was filed on November 13, 2023.

**B. Summary of Administrative Regulation:** This administrative regulation establishes the behavioral health coverage provisions and requirements regarding Medicaid program services provided within a community mental health center (CMHC). The amendment to this administrative regulation incorporates a new manual that is titled the Behavioral Health Services Manual for Community Mental Health Centers. This amendment also contains a definition for “approved behavioral health practitioner” and “approved behavioral health practitioner under supervision” instead of a listing of each provider and each service. This provides for more transparency and compactness in the administrative regulation and manual. The administrative regulation also contains a definition for the “ASAM Criteria”, “paraprofessional practitioner under supervision”, and “telehealth.” New covered services include withdrawal management, medication assisted treatment, applied behavior analysis, chemical dependency treatment center services, and narcotic treatment programs if separately licensed. The amendment also updates language relating to prevention education with substance use risk factors and case management services for pregnant or postpartum individuals with a substance use disorder. The administrative regulation also requires a billing supervisor’s signature within thirty (30) days when a service is delivered by an approved behavioral health practitioner under supervision.
