

Description and information about Administrative Regulations filed for May 15 filing deadline:

These administrative regulations were filed on April 26, 2022:

1. 907 KAR 1:082. Coverage provisions and requirements regarding rural health clinic services.

A. This administrative regulation was filed on April 26, 2022

B. Summary of Administrative Regulation: This administrative regulation establishes the coverage provisions and requirements re-garding Medicaid program rural health clinic (RHC) services. The amendments to the regulation define new terms “adult peer support specialist”, “approved behavioral health practitioner”, “approved behavioral health practitioner under supervision”, “ASAM Criteria”, “certified alcohol and drug counselor”, “co-occurring disorder”, “family peer support specialist”, “in-person”, “licensed clinical alcohol and drug counselor”, “licensed clinical alcohol and drug counselor associate”, “medication assisted treatment”, “registered alcohol and drug peer support specialist”, “registered behavior technician”, “withdrawal management”, and “youth peer support specialist”. The regulation is further amended to combine the service description with the providers who can perform the service. This is consistent with recent changes made to the service descriptions in 907 KAR Chapter 15. The regulation is also amended to require compliance with the appropriate level of care of the ASAM Criteria when treating substance use disorder for several types of services. The regulation is also amended to allow for telehealth in several additional services, if the telehealth service is appropriate pursuant to 907 KAR 3:170. Services such as comprehensive community support services and therapeutic rehabilitation programs are expanded. New services of peer support, partial hospitalization, withdrawal management, medication assisted treatment, and applied behavior analysis are introduced and are now reimbursable when performed within rural health clinics. In addition, laboratory services are now allowed to be reimbursable if the RHC has the appropriate certificate. Finally, the documentation requirement for providers is being increased to within 72 hours of the date that the individual provided the service instead of on the same day that the service was provided.
