2007 Kentucky Annual Long-Term Care Report

Introduction

The Division of Health Policy Development, within the Office of Health Policy, announces the release of the 2007 Kentucky Annual Long-Term Care Report. This division is responsible for the utilization data collection and reporting required by 902 KAR 20:008 (rev. 2-16-01) and in support of the State Health Plan 902 KAR 17:041.

This report covers the period from January 1, 2007 to December 31, 2007. The files received from the Office of Inspector General (OIG), Division of Licensure and Regulation contained 395 Long Term Care Facilities. Correspondence or surveys were received from all licensed facilities. However some of the facilities appear to have incomplete data, even after multiple attempts to collect the missing data. The number of facilities has decreased from 399 Long Term Care Facilities in 2006. The number of Nursing Facility (NF) beds increased from 26,078 in 2006 to 26,209 in 2007.

The 2007 overall occupancy rate for NF beds was 89.77%, a decrease of 1.71% from the 91.48% occupancy rate in 2006. This decrease reversed a two year trend in the upward direction, after the downward trend that began in 1995 and continued through 2004, with the exception of 1999. The highest occupancy rate was 95.00% for the survey year 1995 and the lowest was 89.35% in the 2004 reporting year. The total net change from 1996 to 2007 was a decrease of 4.69% for NF beds.

The ending census, or the number of NF beds occupied December 31, 2007, was 23,679 compared to 23,724 occupied beds on December 31, 2006, a small decrease compared to the number of licensed beds. The increased number of beds were occupied for 93,555 fewer patient days in 2007 than in 2006 (8,681,581 patient days in 2006 compared to 8,588,026 patient days in 2007).

Payor Source for 2006
The 2007 Payor Source, Section 2, for total patient days as reported by nursing facilities shows the following distribution: The total number of reimbursed days for nursing facilities was 8,588,026 days or 110,564 fewer than 2006. Medicare paid days decreased by 11,074 days from the 2006 report. Medicaid paid days were 59,757 fewer in 2007 than the previous report year.

***NOTE:** When checking ending census for the previous year and the beginning census for the current year, there may be discrepancies in the numbers. When possible, a note was included in Section IV to explain this.

Definitions

Long-Term Care: A facility licensed by the state through the Division of Licensing and Regulation providing one or more of the following levels of care:

Nursing Facility (NF) - Long-term care facilities, formerly skilled nursing, nursing home, or intermediate care facilities prior to October 1, 1990, which meet the Omnibus Budget Reconciliation Act of 1987 (OBRA 87) nursing home reform requirements. Nursing facilities must be certified to participate in the **Medicare program in order to be certified for participation in Medicaid**, with the exception of those who have obtained a Medicaid nursing requirement waiver.

Nursing Home (NH) - Establishments with permanent facilities that include inpatient beds, and with medical services including continuous nursing service; that provide treatment for patients who require inpatient care but do not currently require continuous hospital services.

Intermediate Care (IC) - Establishments with permanent facilities and health related services for patients who do not require the degree of care and treatment which a hospital or skilled nursing facility is designed to provide, but who, because of their mental or physical condition, require care and services (above the level of room and board) which can be made available to them only through institutional facilities on an inpatient basis.

Alzheimer's Facility (ALZ) - A long-term care facility constructed and operated pursuant to KRS.216B.071 that provides care to residents with a primary diagnosis of Alzheimer's disease or related disorders.

Intermediate Care Facility for the Mentally Retarded (ICF/MR) - A facility licensed by the state through the Division of Licensing and Regulation to provide care for the mentally retarded and developmentally disabled.

Total Patient Days: The total days of patient care provided by the facility for the year based on its capacity. It is calculated by summing the daily patient census for each day in the reporting period.

Days in Period: 2007 had 365 days.

Licensed Beds: The number and type of beds for which the facility has been licensed at the end of the reporting period.

Percent Occupancy: Total days divided by potential patient days.

Potential Patient Days: Number of licensed beds multiplied by the number of days in the reporting period, adjusted to reflect changes in licensed beds during the reporting period. Example: 100 licensed beds X 365 (days in 2006) equals 36,500 potential days. This figure is not shown in the report but used to calculate occupancy percentages.

Reporting Period: January 1, 2007 to December 31, 2007

This report now becomes the most recent official data on Long Term Care services utilization published by the Cabinet for Health Services. Data Analysis - Occupancy Rates

The following tables and graphs present statistics from the Kentucky Annual Long-Term Care Reports from 1996 to 2007. In the published reports for 1996 and 1997, the data was reported in Medicaid Managed Care Partnership Regions (MCPR) rather than in Area Development Districts (ADDs). The survey data were recalculated using the ADDs so that a linear comparison could be made. A map of the ADDs is included at the end of this section.

LTC facilities continue to be an important segment of the continuum of care in Kentucky. Hospital discharge data for 2007 shows a total of 408,179 patients age 41 and older were discharged from Kentucky Acute Care hospitals for all DRGs. Of the 235,551 females discharged 34,145 or 14.8% were discharged to a skilled or intermediate care beds. Males discharged to skilled or intermediate care beds accounted for 10.1% (18,002) of the total 177,627 males discharged from hospitals in 2007.

The occupancy rate for licensed NF beds has decreased over the past twelve years by 4.69% from 94.46% in 1996 to 89.77% in 2007. The following chart shows the decrease in occupancy with a continuous decline from 1996 through 1998 with a very small increase in 1999 (0.05%), more recent gains in the 2005 and 2006, then a decrease again in 2007. Again, in 2007 the occupancy rate decreased by 1.71%. The occupancy rate in the following table shows data for each year by ADD. From 2006 to 2007, occupancy fell in all but four of the ADDs. An attached chart shows a graphical interpretation of the data.

The number of licensed Nursing Homes (NH) beds increased from 393 in 2006 to 397 NH beds in 2007, with a decrease of patient days from 126,015 in 2006 to 124,793 days in 2007. Similar to patient days, the occupancy rate for NH beds decreased from 87.74% in 2006 to 86.12% in 2007.

Further data on the occupancy rates by bed type are presented on the following charts and table.

2007 Kentucky Annual Long-Term Care Services Report

Section VII
Notes

Notes - December 31, 2007

Facility	Note
Section I - Census Data	
Advanced Living, Inc. DBA Trinity Station Retirement Community	It was in my error that the 2006 census report was reported with ending census as 9 and it should've been 11.
Arbor Place of Clinton	I have only counted New admits to the facility and
Baptist Convalescent Center	The ending census for 2006 should have been entered as 164. The discrepancy is attributable to an incorrect total under the “discharge” column, which should have been entered as 116.
Barbourville Nursing Home	The total admissions for 2006, should have been 118. An admission to bed hold was not counted in the total admissions. This would make the ending census for 2006 a total of 117. The 2007 beginning census is correct with a total of 117.
Bashford East Healthcare	The ending census for 2006 should have been 112, as shown as the beginning census of 2007.
Beaver Dam Nursing and Rehab Center	personal care beds was decrease from 50 to 25 beds
Bracken County Nursing and Rehabilitation Center	The difference in the census is because in the 2006 the survey contained two rows, one for "nursing facility" and another for "skilled nursing". The 2007 survey only had one row that said " nursing facility" the "skilled nursing" row was omitted, because the 2007 survey only had this one row we combined the two rows from the previous year. If you add the "skilled nursing" and the "nursing facility" totals together from 2006 they match the census for 2007.
Brownsboro Hills Nursing Home	THE NURSING HOME BEDS WERE RECLASSIFIED AS NURSING FACILITY BEDS APRIL 1, 2007.
Cedar Lake Lodge	We increased our capacity in the latter part of 2006 from 76 residents to 87 residents. We filled our 87th bed in January 2008.
Christian Health Center of Louisville	On 10/01/06 three of our CCRC beds became Medicare A only certified as well as CCRC. That would place their count in the Nursing Facility data collection arena. Therefore the 2006 ending census for Nursing facility should be 109 and the beginning census for 2007 is correct at 109.
Covington Convalescent Center	The census of 2006 had Skilled and ICF/NF beds listed separately. On the 2007 census they were not. We have 72 beds that are dually licensed SNF/NF. Before they were licensed as 47 NF and 25 SNF.
Edgewood Estates	Correct ending census for 2006 should have been 59. One resident with bed hold was in the hospital at year end.
Edmonson Health Care Rehabilitation and Nursing Center	Begining Census is off one
Golden LivingCenter - Green Hill	The personal care beds were de-licensed effective 12/1/07.

Notes - December 31, 2007

Facility	Note
Section I - Census Data (continued)	
Good Samaritan Center	The Business Office Director and I discussed the Long - Term Care Survey and found that the reason there is a discrepancy in the 2006 report is because three residents were out to the hospital not paying to hold the bed. 1 resident was out paying to hold the bed. We have 2 residents that live in our apartments that are booked to our financial census but not to the nursing home's census. The financial census was used to complete the report. This report showed that we had approximately 89.5 individuals in the facility, which was rounded up to 90 residents. The actual census should have been a total of 84, with 83 in house and 1 paying to hold the bed.
Green Valley Health and Rehabilitation Center	The discrepancy is in 2006. Total admissions should have read 53, not 50, for an ending census of 68. This was a data entry error.
Harborside Healthcare - Madisonville Rehabilitation and Nursing Center	2 Medicaid recepients were inadvertently omitted from the 2006 closing census. We closed 2006 with 77 residents and opened 2007 with 77.
Hart County Health Care Center	Beginning Census differs from 2006 ending census b
Highland Homes, Inc.	We had 106 licensened beds until 12-07. At that t
Hyden Nursing Home	Effective March 30,2007 changed from 21 personal care beds to 15 personal care beds
Jonesville Rest Home	26 beds X 365 days = 9490
Laurel Heights Home for the Elderly	5/1/07 we went from 54 PC beds to 20 PC, 2 Ind Living, 12 CCRC
Lee County Care and Rehabilitation Center	The 2007 beginning and ending census is correct. The 2006 data must have included our 4 personal care residents.
Letcher Manor	I re-ran the 12/31/06 census report. It is showing and ending census of 137, which matches my 01/01/07 beginning census.
Life Care Center of Morehead	Our PC beds were delicensed I believe in 2006 or 2007. OHP Note: Beginning Census + Admission - Discharges – Deaths ? Ending Census
McKenzie Health Care LLC, J.J.Jordan Geriatric Center	Beginning census on 2007 report should be 100. Somehow the ending census was off by two.
Melber Senior Citizen,s Home Inc. (Formerly Melber Rest Home)	Name and owner changed on 6/01/07,this report will include six months as MSCH INC. six months as VFCH INC.
Oakmont Manor	I re-ran the 12/31/06 census report. It is showing and ending census of 83 NF and 9 PC, which matches my 01/01/07 beginning census.
Oakview Nursing and Rehabilitation Center	Our facility changed from 18 Personal Care Beds to 14 Personal Care Beds as of April 27, 2007.

Notes - December 31, 2007

Facility	Note
Section I - Census Data (continued)	
Pioneer Trace Nursing Home	It looks like on December 31, 2006 we had 75 residents actually in house and 4 out to the hospital with noone on a bed hold. So probably when the 2006 survey was completed they didn't look at that and when we did the 2007 we only included the residents that were actually in the building on January 1, 2007.
Poplar Grove Rest Home	REQUESTED A REDUCTION OF 2 BEDS DURING 2007
Princeton Health and Rehab Center	Name change effective January 1, 2007 from Princet
Regency Rehabilitation and Nursing Center	2007 Beginning Census is correct. 2006 Ending Census of 112 was incorrect.
Richmond Place Rehabilitation and Health Center	PLEASE NOTE NAME CHANGE FROM HAMBURG HEALTHCARE TO
Rockcastle Health and Rehabilitation Center	When I went back and looked at the beginning census and comparing it to the 2006 census report, on 12/31/06 there was an 88yr old female resident who was actually discharged to the hospital and was still identified as being on the census for that day. This was done by hand at that time by our business office staff and we now have a new computer system to catch such discrepencies. When I ran the report submitting the numbers for this years data, it had been corrected and the resident was no lon
Summit Manor Health and Rehabilitation Center	OHP Note: Beginning Census + Admission - Discharges – Deaths ? Ending Census (off by 2)
Telford Terrace	On Feb. 14, 2007, 8 PC beds were changed to NH beds (22 PC beds changed to 14 PC beds and 26 NH beds changed to 34 NH beds)
The Grandview a Nursing and Rehabilitation Facility	On march 26, 2007, 71 beds were moved to a new address & building. On that date, the name of operation changed to The Grandview. On April 1, 2007, 10 NF beds and 10 PC beds were added. On December 1, 2007, 6 of the PC beds were delicensed.
Wesley Manor	It looks like the admissions were understated for 2006, for sure the ending census was not 22, but in fact it was 26. I think that the admissions (for 2006) were understated by 4 and should have been reported as 21.
Windsor Care Center	1/1/07- 6/30/07 98 NF beds, 22 PC beds 7/1/07-9/3
Windsor Gardens Nursing Home	Census verification for 2006 indicates that Medical Record number 2006-028 had expried by the end of December, therefore, the correct total for 2006 census should have been 20.
Woodcrest Manor	The 2007 beginning census is correct at 126. There could have been a retro census change to account for this discrepancy.
