2012 KENTUCKY ANNUAL HOME HEALTH SERVICES REPORT

INTRODUCTION

The Office of Health Policy announces the release of the 2012 Kentucky Annual Home Health Services Report. This office is responsible for utilization data collection and reporting required by 902 KAR 20:008 and 900 KAR 6:125. This report shows all census data, age distribution together with total patients served, and patients served by discipline and number of visits. This report is organized by county within Area Development Districts (ADD). A map of the ADDs is included at the end of this section.

This report covers the services provided from January 1, 2012 to December 31, 2012. The file received from the Office of Inspector General (OIG), Division of Health Care contained 108 Home Health Agencies. Data in this report covers 100% of all licensed home health agencies.

Data in this report are organized in three sections. Section I shows beginning census, admissions, discharges and ending census by agency and county of service. Section II shows total patients served by age category, agency and county of service. Section III shows the number of patients served and number of visits for various disciplines (skilled nursing, home health aide, physical therapy, occupational therapy, and speech therapy) for each agency during 2012. The agencies are grouped first by ADD then by county served. **ADD totals** appear throughout the report following all county data for each ADD. **Statewide totals** appear at the end of each section. In addition, Section IV contains information and changes regarding individual agencies during the year.

The Office of Health Policy produces ten utilization and services reports, which can be obtained by contacting our office. In addition to the Annual Home Health Services Report, the following reports are available: Hospital Utilization and Services Report; Long-Term Care Services Report; Hospice Services Report; Magnetic Resonance Imaging Registry Report; the Ambulatory Surgical Services Report, the Megavoltage Equipment Services Report, the Positron Emission Tomography Services Report, the Private Duty Nursing Services Report, and the Psychiatric Residential Treatment Facility Report.
