

TOBACCO-FREE PLEDGE

- Because I know smoking is the #1 cause of preventable death in the United States;
- Because I know that smoking kills more people every year than AIDS, alcohol, car accidents, fires, drugs, murders, and suicides combined;
- Because I know the Tobacco Industry spends over 6 billion dollars a year or \$200 a second, on advertising to get me to start smoking;
- Because I know 90% of smokers begin before 18 years of age;

I AM SAYING NO TO TOBACCO!

I, _____, do hereby pledge that I will lead a smoke-free life and pledge not to use tobacco products.
