

# KCCVS Make A Difference Day 2008 Food Drive Results

If all 283,880 Kentuckians were standing in line for their serving of food, that line would be more than 100 miles long!

That is about the distance from Washington D.C. to Richmond, VA.

\*Each character represents approximately 56,800 people

We collected 71 TONS of food to distribute to local food pantries and emergency feeding centers.

The largest land mammal is the African elephant. A bull African elephant weighs 5.4 tons.

We collected more food than 13 elephants!!!

\*Each bag of groceries represents 10 tons of food.
