2014 KENTUCKY AMBULATORY SURGICAL SERVICES REPORT

INTRODUCTION

The Office of Health Policy of the Cabinet for Health and Family Services is pleased to announce the release of the *2014 Kentucky Ambulatory Surgical Services Report*.

This report covers the period from January 1, 2014 to December 31, 2014, for all agencies in accordance with licensing and regulation reporting requirements. The data is submitted by the ambulatory services centers and hospitals throughout the state of Kentucky. These facilities include both freestanding and hospital based ambulatory surgical services.

The data is presented by Area Development Districts (ADD), and a map of the districts is included within the report. There are two main sections in this report and each contains two tables.

Section I of the report covers data regarding ambulatory operating rooms (OR). These are rooms that meet the criteria for a standard sterile operating room. This section contains usage of non-exclusive operating rooms and exclusive use ambulatory operating rooms. A non-exclusive operating room is an OR that is used for inpatients and outpatient surgeries. An exclusive ambulatory operating rooms is an OR that is only used for outpatient surgeries. Section I contains two tables:

- **Capacity Data** - shows the number of ambulatory operating rooms, cystology rooms and non-exclusive operating rooms. This section also contains a look at pain management.
- **Facility Utilization Data** – includes data submitted on the number of surgeries performed in each specialized area.

Section II of the report covers data regarding ambulatory procedure rooms. These rooms do not meet the standards of a sterile OR. A procedure room is a designated room for performing surgical procedures that do not require a sterile environment such as endoscopy and sutures. Section II also contains data for designated endoscopic suites. These are rooms in a facility that are set up to be used for endoscopic type procedures only. Section two also contains a table for Capacity Data and a table for Facility Utilization Data.

The numbers reported for pain management and endoscopic surgeries may reflect a significant difference than in previous survey years. The reporting requirements for ambulatory surgical services were strongly enforced for 2008 - 2014. The survey instructions clearly state that only the ambulatory surgeries performed in an ambulatory operating room (OR) may be reported in Section I. Those performed in a procedure room must only be included in Section II. An audit of previous years reporting show that some facilities have been reporting procedure room data for pain management and endoscopies in the ambulatory OR data. Certificate of Need decisions regarding ambulatory surgical services are based on OR data only. The Office of Health Policy recognizes that there is a trend among health care facilities to perform more of these procedures in a procedure room or suite rather than an ambulatory OR. The office is collecting procedure room data for informational purposes only at this time.

For any questions or comments regarding the data contained in this report, please contact Beth Morris at (502) 564-9592 ext.3156 or e-mail BethA.Morris@ky.gov.

The Office of Health Policy produces a number of utilization and services reports. In addition to the Ambulatory Surgical Services Report, the following reports are available: Long-Term Care Report; Home Health Services Report; Hospice Report; Kentucky Magnetic Resonance Imaging (MRI) Services Report; Megavoltage Services Report; Positron Emission Tomography (PET) Report; Private Duty Nursing Report; Annual Hospital Utilization and Services Report; Psychiatric Residential Treatment Facility. These reports can be downloaded from the following web site: <http://chfs.ky.gov/ohp/dhppd/dataresgal.htm>. Hard copies of the report can be obtained by contacting the Office of Health Policy by mail, email, phone, or fax. This report becomes the most recent official data on Ambulatory Service Center (ASC) services utilization published by the Cabinet for Health and Family Services.

ASC Procedure Comments

Facility	Comments
Lourdes Hospital	Due to organizational changes in 2014, revisions to 2013's reported data were discovered. 2013 Revisions: A.7. Revised 2013 = 3,602 (All procedures, not just Outpatient, were used originally) B.1. Revised 2013 = 0 (Procedure Rooms are not exclusive to Ambulatory) B.3. Revised 2013 = 3,701 (All procedures, not just Outpatient, were used originally) B.4. Revised 2013 = 40 (Incorrectly used OR hours instead of Endo) C.1. Revised 2013 = 1,693 (Miscalculation)
Methodist Hospital	None were performed in the 3 procedure rooms in Endo
Muhlenberg Community Hospital	Pain management procedures performed in Pain Management Center procedure room were Epidural steroid injections, Radiofrequency ablations, Implantation of neurostimulators, Trigger point injections, and Large and small joints injections.
Muhlenberg Surgery Center	During 2014 there were limited services offered.
Norton Brownsboro Hospital	Anesthesia injections.
Norton Hsp/Kosair Chdrn Hsp/Norton Healthcare Pav	Spinal Cord injections and anesthesia injections.
Norton Suburban Hospital	Spinal canal injections.
Owensboro Surgery Center	Epidural Blocks, Facet Joint Blocks and pain injections.
Spring View Hospital	Blood Patch, Coccygeal, Ligament Injection, Pain Evaluation, Occipital Nerve Block, Stellate Ganglion Block, Trigger Point Injection
T J Samson Community Hospital	E. Epidurals for pain management by out anesthesia group.
The Medical Center At Bowling Green	Procedure Room Operational Hours- normally scheduled business hours although on-call 168 hours.
Tri State Digestive Disorder Ctr	We are single specialty ASC, specializing in GI Endoscopy, Liver Biopsy and Hemorrhoid Banding. We do not use our operating room. All procedures are performed in our procedure rooms. We added a physician to our staff in July 2014.
Twin Lakes Regional Medical Center	Caudal Epidural Ratz Catheter, Cervical Epidural Ratz Catheter, LESI, CESI, TESI
UKHealthCare Good Samaritan Hospital	B.3.) On November 14th there was a change in staffing that caused Endo patient data to not be processed in a timely manner. The backlog of patient data was addressed by the end of Quarter 1, 2015. C.1.) Procedure hours can not be tracked at this time.
University of Kentucky Hospital	B.3.) On November 14th there was a change in staffing that caused Endo patient data to not be processed in a timely manner. The backlog of patient data was addressed by the end of Quarter 1, 2015. C.1.) Procedure hours can not be tracked at this time.
