A. Introduction

Effective July 1, 1991, the Kentucky Medicaid Program began reimbursing providers for Targeted Case Management Services for Adults with chronic mental illness. This manual has been formulated to provide you, the provider, with a useful tool for interpreting the procedures and policies of the Kentucky Medicaid Program. It has been designed to facilitate the processing of your claims for services provided to qualified recipients of Medicaid.

This manual is intended to provide basic information concerning coverage, billing, and policy. It will, hopefully, assist you in understanding what procedures are reimbursable, and will also enable you to have your claims processed with a minimum of time involved in processing rejections and making inquiries. It has been arranged in a loose-leaf format, with a decimal page numbering system which will allow policy and procedural changes to be transmitted to you in a form which may be immediately incorporated into the manual (i.e., page 7.6 might be replaced by new pages 7.6 and 7.7).

Precise adherence to policy is imperative. In order that your claims may be processed quickly and efficiently, it is extremely important that you follow the policies as described in this manual. Any questions concerning general agency policy should be directed to the Office of the Commissioner, Department for Medicaid Services, Cabinet for Human Resources, CHR Building, Frankfort, Kentucky 40621, or Phone (502) 564-4321. Questions concerning the application or interpretation of agency policy with regard to individual services should be directed to the Division of Program Services, Department for Medicaid Services, Cabinet for Human Resources, CHR Building, Frankfort, Kentucky 40621,' or Phone (502) 564-6890. Questions concerning billing procedures or the specific status of claims should be directed to EDS, P.O. Box 2009, Frankfort, Kentucky 40602, or Phone (800) 333-2188 or (502) 277-2525.
B. Fiscal Agent

Electronic Data Systems (EDS) is the fiscal agent for the operation of the Kentucky Medicaid Management Information System (MMIS). EDS receives and processes all claims for medical services provided to Kentucky Medicaid recipients.
II. KENTUCKY MEDICAID PROGRAM

A. General

The Kentucky Medicaid Program is administered by the Cabinet for Human Resources, Department for Medicaid Services. The Medicaid Program, identified as Title XIX of the Social Security Act, was enacted in 1965 and operates according to a State Plan approved by the U.S. Department of Health and Human Services.

Title XIX is a joint federal and state assistance program which provides payment for certain medical services provided to Kentucky recipients who lack sufficient income or other resources to meet the cost of such care. The basic objective of the Kentucky Medicaid Program is to aid the medically indigent of Kentucky in obtaining quality medical care.

As a provider of services, you must be aware that the Department for Medicaid Services is bound by both federal and state statutes and regulations governing the administration of the State Plan. The Department cannot reimburse you for any services not covered by the plan. The state cannot be reimbursed by the federal government for improper payments to providers of non-covered, unallowable medical services.

The Kentucky Medicaid Program, Title XIX is not to be confused with Medicare. Medicare is a federal program, identified as Title XVIII, basically serving persons 65 years of age and older, and some disabled persons under that age.

The Kentucky Medicaid Program serves eligible recipients of all ages. The coverage is specified in the body of this manual in Section IV.
B. Administrative Structure

The Department for Medicaid Services, within the Cabinet for Human Resources, bears the responsibility for developing, maintaining, and administering the policies and procedures, scopes of benefits, and basis for reimbursement for the medical care aspects of the Program. The Department for Medicaid Services makes payments to providers of services who have submitted claims for services within the scope of covered benefits which have been provided to eligible recipients.

Determination of the eligibility status of individuals and families for Medicaid benefits is a responsibility of the local Department for Social Insurance Offices, which are located in each county of the state.

C. Advisory Council

The Kentucky Medicaid Program is guided in policy-making decisions by the Advisory Council for Medical Assistance. In accordance with the conditions set forth in KRS 205.540, the Council is composed of seventeen (17) members, including the Secretary of the Cabinet for Human Resources, who serves as an ex officio member. The remaining sixteen (16) members are appointed by the Governor to four-year terms. Nine (9) members represent the various professional groups providing services to Program recipients, and are appointed from a list of three (3) nominees submitted by the applicable professional associations. The other seven (7) members are lay citizens.

In accordance with the statutes, the Advisory Council meets at least every three (3) months and as often as deemed necessary to accomplish their objectives.
In addition to the Advisory Council, the statutes make provision for a five-member technical advisory committee for certain provider groups and recipients. Membership on the technical advisory committees is decided by the professional organization that the technical advisory committee represents. The technical advisory committees provide for a broad professional representation to the Advisory Council.

As necessary, the Advisory Council appoints subcommittees or ad hoc committees responsible for studying specific issues and reporting their findings and recommendations to the Council.

D. Policy

The basic objective of the Kentucky Medicaid Program is to assure the availability and accessibility of quality medical care to eligible Program recipients.

The 1967 amendments to the Social Security Law stipulates that Title XIX Programs have secondary liability for medical costs of Program recipients. That is, if the patient has an insurance policy, veteran's coverage, or other third party coverage of medical expenses, that party is primarily liable for the patient's medical expenses. The Medicaid Program is payor of last resort. Accordingly, the provider of service shall seek reimbursement from such third party groups for medical services provided. If you, as the provider, receive payment from Medicaid before knowing of the third party's liability, a refund of that payment amount shall be made to Medicaid, as the amount payable by the Department shall be reduced by the amount of the third party obligation.

In addition to statutory and regulatory provisions, several specific policies have been established through the assistance of professional advisory committees. These policies are as follows:
All participating providers shall agree to provide services in compliance with federal and state statutes regardless of sex, race, creed, religion, national origin, handicap, or age.

Each medical professional is given the choice of whether or not to participate in the Kentucky Medicaid Program. From those professionals who have chosen to participate, the recipient may choose the one from whom he wishes to receive his or her medical care.

When the Department makes payment for a covered service and the provider accepts the payment made by the Department in accordance with the Department's fee structure, the amounts paid shall be considered payment in full; and no bill for the same service shall be tendered to the recipient, or payment for the same service accepted from the recipient.

Providers of medical service attest by their signatures (not facsimiles) that the presented claims are valid and in good faith. Fraudulent claims are punishable by fine and/or imprisonment. Stamped signatures are not acceptable.

All claims and substantiating records are auditable by both the Government of the United States and the Commonwealth of Kentucky.

The provider's adherence to the application of policies in this manual is monitored through either post-payment review of claims by the Department or computer audits and edits of claims. If computer audits or edits fail to function properly, the application of policies in this manual remain in effect and thus the claims become subject to post-payment review by the Department.

All claims and payments are subject to rules and regulations issued by appropriate levels of federal and state legislative, judiciary and administrative branches.
All services to recipients of this Program shall be on a level of care at least equal to that extended private pay patients, and normally expected of a person serving the public in a professional capacity.

All recipients of this Program are entitled to the same level of confidentiality accorded patients NOT eligible for Medicaid benefits.

Professional services shall be periodically reviewed by peer groups within a given covered specialty.

Services are reviewed for recipient and provider abuse. Willful abuse by the provider may result in his suspension from Program participation. Abuse by the recipient may result in surveillance of the payable services he receives.

No claim may be paid for services outside the scope of allowable benefits within a particular specialty. Likewise, no claim shall be paid for services that require, but do not have, prior authorization by the Kentucky Medicaid Program.

No claims may be paid for medically unnecessary items, services, or supplies.

When a recipient makes payment for a covered service, and such payment is accepted by the provider as either partial payment or payment in full for that service, no responsibility for reimbursement shall be attached to the Cabinet and no bill for the same service shall be paid by the Cabinet.

The treatment plan, as developed in response to the case manager's needs assessment and other techniques used for evaluation purposes by service providers, shall be monitored by the case manager.

While the case manager is not responsible for developing the client's treatment plan, it is the responsibility of the case manager to document:

   (1) all needed services,
   (2) anticipated dates of delivery,
   (3) all services arranged,
   (4) follow-up on services, and
   (5) unmet needs and service gaps.

B. Limitations on Case Management Services

Case management services do NOT include:

(1) The actual provision of mental health or other services or treatments;

(2) Outreach activities to potential clients;

(3) Administrative activities associated with Medicaid eligibility determinations, processing, etc.;
V. Reimbursement

A. Payment

Reimbursement for Targeted Case Management Services for Adults with chronic mental illness shall be a cost-based system, utilizing an interim rate based on projected cost the first year with a year-end cost settlement. This methodology shall be reassessed prior to the beginning of year two.

Payment shall be made when four (4) service contacts have occurred during a month. Two (2) of the contacts shall be face-to-face with the client and the other two (2) contacts shall be by telephone or face-to-face with or on behalf of the client.

The unit of service shall be defined as one (1) unit equaling one (1) month. The interim rate shall be the provider's usual and customary charge up to a maximum of $150.00 per client per month. No more than one (1) payment per client per month shall be made and this payment shall represent payment in full for all case management services provided to the client during a month. The payment amount shall not vary with the nature or the extent of the case management services being provided.

Appropriate documentation shall be maintained in the client's record of all case management services performed and billed.

B. Third Party Coverage

1. General

To expedite the Medicaid claims processing function, the provider of services shall actively participate in the identification of third party resources for payment on behalf of the client. At the time the provider obtains Medicaid billing information from the client, he shall determine if additional resources exist.
Providers have an obligation to investigate and to report the existence of other insurance or liability. The provider's cooperation will enable the Kentucky Medicaid Program to function efficiently.

2. Identification of Third Party Resources

Pursuant to KRS 205.662, prior to billing the Kentucky Medicaid Program, all participating providers shall submit billings for services to a third party when the provider has prior knowledge that a third party may be liable for payment of the services.

In order to identify those clients who may be covered through a variety of health insurance resources, the provider shall inquire if the client meets any of the following conditions:

- If the client is married or working, inquire about possible health insurance through the client's or spouse's employer;
- If the client is a minor, ask about insurance the MOTHER, FATHER, or GUARDIAN may carry on the client;
- In cases of active or retired military personnel, request information about CHAMPUS coverage and social security number of the policy holder;
- Ask if the client has health insurance such as a CANCER, ACCIDENT, or INDEMNITY policy, GROUP health or INDIVIDUAL insurance, etc.

Examine the client's MAID card for an insurance code. If a code indicates insurance coverage, question the client further regarding the insurance.
Forward the claim and TPL Lead Form to:

EDS
P. O. Box 2009
Frankfort, KY 40602
ATTN: TPL Unit

*If proof of denial for the same client for the same or related services from the carrier is attached to the Medicaid billing, claims processing can proceed. The denial cannot be more than six (6) months old.

*A letter from the provider indicating that he contacted the insurance company and spoke with an agent to verify that the recipient was not covered, can also be attached to the Medicaid claim.

4. Medicaid Payment for Claims Involving a Third Party

Claims meeting the requirements for payment shall be paid in the following manner if a third party payment is identified on the claim.

The amount paid by the third party shall be deducted from the Medicaid allowed amount and the difference paid to the provider. If the third party payment amount exceeds the Medicaid allowed amount, the resulting Medicaid payment shall be zero. Clients cannot be billed for any difference between the billed amount and the Medicaid payment amount. Providers shall accept Medicaid payment as payment in full.

If a claim for a client is payable by a third party resource which was not pursued by the provider, the claim shall be denied. Along with a third party insurance denial explanation, the name and address of the insurance company, the name of the policy holder, and the policy number shall be indicated on the Remittance Statement. The provider shall pursue payment with this third party resource before billing Medicaid again.
5. Accident and Work Related Claims

For claims billed to Medicaid that are related to an accident or work-related incident, the provider shall pursue information relating to the accident. If an attorney, employer, individual or an insurance company is liable for payment, payment must be pursued from the liable party. If the liable party has not been determined, attach copies of any information obtained, such as the names of attorneys, other involved parties and the recipient's employer to the claim when submitting to EDS for Medicaid payment.

C. Duplicate or Inappropriate Payments

Any duplicate or inappropriate payment by Medicaid, whether due to erroneous billing or payment system faults, shall be refunded to Medicaid. Refund checks shall be made payable to "Kentucky State Treasurer" and sent immediately to:

EDS
P. O. Box 2009
Frankfort, KY 40602
ATTN: Financial Services Unit

Failure to refund a duplicate or inappropriate payment could be interpreted as fraud or abuse, and may result in prosecution.

D. KenPAC/Lock-In

Certain Medicaid recipients are assigned to a patient manager through the KenPAC or Lock-In programs. Specific prior-authorization by these patient managers is NOT required for a KenPAC or Lock-In recipient to receive Targeted Case Management Services.
VI. Completion of Claim Form

A. General Information

1. Claims shall be submitted on the standard "Health Insurance Claim Form," HCFA-1500 (12/90). Information entered on this form must be data entered for the claim to be processed; therefore, it is important that all information supplied is complete and legible. Typing the claim form is recommended, although clear, legible handwriting is acceptable. Claims may also be submitted electronically. Contact EDS to obtain instructions on how to bill electronically.

According to federal policy, claims shall be submitted to Medicaid within twelve (12) months of the date of service or within six (6) months of the Medicare payment date, whichever is longer.

2. Billing Instructions for Claims with Service Dates Over One Year Old

Medicaid claims shall be filed within one (1) year of the date of service. Medicaid/Medicare crossovers shall be filed within one (1) year of the date of service OR within six (6) months of the Medicare paid date, whichever is longer. To process claims beyond this limit you must attach, to EACH claim form involved, a copy of an in-process, paid, or denied Remittance Statement no more than 12 months of age which verifies that the original claim was submitted within 12 months of the service date.

Copies of previously submitted claim forms, providers' in-house records of claim submittal, and letters which merely detail filing dates are NOT acceptable documentation of timely billing. Attachments shall prove that the claim was RECEIVED in a timely manner by EDS.
If a claim is being submitted after twelve (12) months from the date of service due to the recipient's retroactive eligibility, a copy of the backdated or retroactive MAID card shall be attached to the claim form.

3. MAID Number

The patient's Kentucky Medicaid Identification (MAID) card should be checked carefully to verify the 10-digit MAID number, the patient's name, and that the card is valid for the period of time in which services are provided. The "Eligibility Period" on the MAID card may show month-to-month eligibility (e.g. from 07/01/91 to 08/01/91), retroactive eligibility (e.g. from 06/01/90 to 08/01/91), or specific dates of eligibility (e.g. from 07/20/91 to 08/01/91). The "To" date is not an eligible date. Payment cannot be made for services provided to an ineligible person.

4. Medicaid Provider Number

All provider records, including Remittance Statements and payments, are maintained by the computer system by provider number. The correct 8-digit Kentucky Medicaid Provider Number shall be entered on the claim form in field #33, PIN #, of the HCFA-1500 (12/90) form to ensure notification of the status of the claims and correct payment. An incorrect or missing number could result in payment to another provider if the number is a valid provider number or failure of the claim to receive payment. Since the Remittance Statements contain information about claims by provider number, claims with invalid provider numbers will not appear on Remittance Statements.

5. Procedural Coding for Case Management

The procedure code for Case Management services is X0064. Use of this code is limited to one (1) per month, per client, per provider; however, the number of contacts per month is unlimited.

VIII. REMITTANCE STATEMENT

A. General

The EDS Remittance Statement (or Remittance Advice) furnishes the provider with an explanation of the status of those claims EDS processed. The Remittance Statement accompanies the payment check and is divided into six sections.

The first section provides an accounting of those claims which are being paid by Medicaid with the accompanying payment check.

The second section provides a list of claims which have been rejected (denied) in total by Medicaid with the corresponding Explanation of Benefit (EOB) code.

The third section provides a list of claims EDS received which did not complete processing as of the date indicated on the Remittance Statement.

The fourth section provides a list of claims received by EDS that could not be processed as the result of incomplete claim information. These claims have been returned to the provider along with a cover letter than explains the reasons for the return.

The fifth section includes the summation of claims payment activity as of the date indicated on the Remittance Statement and the year-to-date claims payment activities.

The sixth section provides a list of the EOB codes which appeared on the dated Remittance Statement with the corresponding written explanation of each EOB code.

Claims appearing in any section of the Remittance Statement will be in alphabetical order according to the patient's last name.
**SECTION VIII - REMITTANCE STATEMENT**

**B. Section I - Paid Claims**

An example of the first section of the Remittance Statement is shown in Appendix VI-P.1. This section lists all of those claims for which payment is being made. On the pages immediately following are item-by-item explanations of each individual entry appearing on this section of the Remittance Statement.

TRANSPORTATION SERVICES

Medicaid shall cover transportation to and from Medicaid Program covered medical services by ambulance or other approved vehicles if the patient's condition requires special transportation. Also covered shall be preauthorized non-emergency medical transportation to physicians and other non-emergency, Medicaid-covered medical services when provided by a participating medical transportation provider. Travel to pharmacies shall not be covered.

VISION SERVICES

Examinations and certain diagnostic procedures performed by ophthalmologists and optometrists shall be covered for recipients of all ages. Professional dispensing services, lenses, frames and repairs shall be covered for eligible recipients under age twenty-one (21).

PREVENTIVE HEALTH SERVICES

Preventive Health Services shall be provided by health departments or districts which have written agreements with the Department for Health Services to provide preventive and remedial health care to Medicaid recipients.
**SPECIAL PROGRAMS**

KENPAC: The Kentucky Patient Access and Care System, or KenPAC, is a special program which links the recipient with a primary physician or clinic for many Medicaid-covered services. Only recipients who receive assistance based on Aid to Families with Dependent Children (AFDC) or AFDC-related Medicaid Only shall be covered under KenPAC. The recipient shall choose the physician or clinic. It is especially important for the KenPAC recipient to present his or her Medicaid Identification Card each time a service is received.

ALTERNATIVE INTERMEDIATE SERVICES FOR THE MENTALLY RETARDED

The Alternative Intermediate Services for the Mentally Retarded (AIS/MR) home and community-based services program provides coverage for an array of community-based services that shall be an alternative to receiving the services in an intermediate care facility for the mentally retarded and developmentally disabled (ICF/MR/DD).

HOME AND COMMUNITY-BASED WAIVER SERVICES

A home and community-based services program provides Medicaid coverage for a broad array of home and community-based services for elderly and disabled recipients. These services shall be available to recipients who would otherwise require the services in a nursing facility. The services became available statewide effective July 1, 1987. These services shall be arranged for and provided by home health agencies.

SPECIAL HOME AND COMMUNITY-BASED SERVICES MODEL WAIVER PROGRAM

The Model Waiver Services Program provides up to sixteen (16) hours of private duty nursing services and respiratory therapy services to disabled ventilator dependent Medicaid recipients who would otherwise require the level of care provided in a hospital-based nursing facility. This program shall be limited to no more than fifty (50) recipients.
Programs

The Department for Social Insurance, Division of Field Services local office staff have primary responsibility for accepting and processing applications for benefit programs administered by the Cabinet for Human Resources, Department for Social Insurance. These programs, which include eligibility for Medicaid, include:

- AFDC (Aid to Families with Dependent Children)
- AFDC Related Medical Assistance
- State Supplementation of the Aged, Blind, or Disabled
- Aged, Blind, or Disabled Medical Assistance
- Refugee Resettlement Programs

Any individual has the right to apply for Medicaid and have eligibility determined. Persons wanting to apply for Medicaid benefits should be referred to the local Department for Social Insurance, Division of Field Services office in the county in which they live. Persons unable to visit the local office may write or telephone the local office for information about making application. For most programs, a relative or other interested party may make application for a person unable to visit the office.

In addition to the programs administered by the Department for Social Insurance, persons eligible for the federally administered Supplemental Security Income (SSI) program also receive Medicaid through the Kentucky Medicaid Program. Eligibility for SSI is determined by the Social Security Administration. Persons wanting to apply for SSI should be referred to the Social Security Administration office nearest to the county in which they live. The SSI program provides benefits to individuals who meet the federal definitions of age, blindness, or disability, in addition to other eligibility requirements.
MAID Cards

Medicaid Identification (MAID) cards are issued monthly to recipients with ongoing eligibility. These cards show a month-to-month eligibility period.

Eligible individuals with excess income for ongoing eligibility may be eligible as a "spend down" case if incurred medical expenses exceed the excess income amount. Individuals eligible as a "spend down" case receive one MAID card indicating the specific period of eligibility. After this eligibility period ends, the person may reapply for another "spend down" eligibility period.

MAID cards may show a retroactive period of eligibility. Depending on the individual circumstances of eligibility, the retroactive period may include several months.

Duplicate MAID cards may be issued for individuals whose original card is lost or stolen. The recipient should report the lost or stolen card to the local Department for Social Insurance, Division of Field Services worker responsible for the case.

Verifying Eligibility

The local Department for Social Insurance, Division of Field Services staff may provide eligibility information to providers requesting MAID numbers and eligibility dates for active, inactive or pending cases.

The Department for Medicaid Services, Eligibility Services Section at (502) 564-6885 may also verify eligibility for providers.
