Focus groups will offer an opportunity for DMS to have conversations to understand stakeholder's experience when receiving or providing services through waiver programs. We want to understand what is important to individuals of the Commonwealth, so that we can shape services to meet the needs and wishes of those who participate in home and community based services. We also would like to understand first-hand what individuals hope to see improved, as we consider ways to enhance these programs in the future.

Please call 502-564-7540 and ask to speak with Misty Peach or email Misty.Peach@ky.gov, to reserve your spot in a focus group. Please let her know which category and location you wish to attend.

If you are not able to participate in a focus group, we invite you to give us your comments by emailing: MedicaidPublicComment@ky.gov

We appreciate your time and interest in Kentucky Medicaid-provided home and community based services.
