2015 KENTUCKY ANNUAL HOME HEALTH SERVICES REPORT

INTRODUCTION

The Office of Health Policy announces the release of the 2015 Kentucky Annual Home Health Services Report. This office is responsible for utilization data collection and reporting required by 902 KAR 20:008 and 900 KAR 6:125. This report shows all census data, age distribution together with total patients served, and patients served by discipline and number of visits. This report is organized by county within Area Development Districts (ADD). A map of the ADDs is included at the end of this section.

This report covers the services provided from January 1, 2015 to December 31, 2015. The file received from the Office of Inspector General (OIG) contained 108 Home Health Agencies. Data in this report covers 100% of all licensed home health agencies.

Data in this report are organized in three sections. Section I shows beginning census, admissions, discharges and ending census by agency and county of service. Section II shows total patients served by age category, agency and county of service. Section III shows the number of patients served and number of visits for various disciplines (skilled nursing, home health aide, physical therapy, occupational therapy, and speech therapy) for each agency during 2015. The agencies are grouped first by ADD then by county served. **ADD totals** appear throughout the report following all county data for each ADD. **Statewide totals** appear at the end of each section. In addition, Section IV contains information and changes regarding individual agencies during the year.

The Office of Health Policy produces ten utilization and services reports, which can be obtained by contacting our office. In addition to the Annual Home Health Services Report, the following reports are available: Hospital Utilization and Services Report; Long-Term Care Services Report; Hospice Services Report; Magnetic Resonance Imaging Registry Report; the Ambulatory Surgical Services Report, the Megavoltage Equipment Services Report, the Positron Emission Tomography Services Report, the Private Duty Nursing Services Report, and the Psychiatric Residential Treatment Facility Report. These reports can be downloaded from the following website: <http://chfs.ky.gov/ohp/dhppd/dataresgal.htm>

DAVIESS

Traditional HHA Please note that a keying error occurred on the 2014 annual report that resulted in the ending census to be 179 which is incorrect. The correct figures for the 2014 annual report should have been Beginning - 25, Admissions - 56, and Discharges - 81 which should have resulted with an ending census of zero. The above information for 2015 showing zero is correct.

Lifeline Rockcastle Home Health

ROCKCASTLE

HCBS Waiver Lifeline Rockcastle transitioned its five remaining HCBS waiver patients to Lifeline Somerset to enhance efficiency in providing services to these patients. The transition was prompted by a change in information systems at Lifeline Rockcastle and the new system could not accommodate HCBS waiver type services. Lifeline Somerset had a different information system with electronic health records that was tailored to HCBS waiver patients so it made sense to consolidate operations with that agency.
