

Pharmacy Services

In accordance with KRS [216.380](#)(5)(b), a critical access hospital shall provide, either directly or through contract, basic pharmacy services essential to the treatment of the patient.

- If the critical access hospital provides pharmacy services directly, it shall be in compliance with 902 KAR [20:016](#), Section 4(5).
- If the critical access hospital contracts for pharmacy services, the pharmacy it contracts with shall be in compliance with KRS [Chapter 315](#).
