# 2008 KENTUCKY ANNUAL MAGNETIC RESONANCE IMAGING SERVICES REPORT

## INTRODUCTION

The Office of Health Policy of the Cabinet for Health and Family Services announces the release of the 2008 Kentucky Magnetic Resonance Imaging “MRI” Services Report. The collection and reporting of this data is required by 902 KAR 20:008.

This report covers the period of January 1, 2008 through December 31, 2008. It includes MRI procedure utilization for all **licensed** MRI units operating in Kentucky that are compliant with the Kentucky licensing and regulation reporting requirements. It also includes practitioner owned or **exempt** operated MRI units in the Commonwealth. The registration of non-licensed MRI units became effective beginning in August 2006. All MRI equipment must be registered with the Commonwealth of Kentucky, including physician exempt facilities and licensed facilities pursuant to 900 KAR 6:050.

Certificate of Need “CON” of the Office of Health Policy defines its criteria for MRI types as mobile, freestanding or hospital based MRI units. A hospital based MRI is a unit that operates under the hospitals’ CON and license, regardless if the service is provided by a mobile service to the hospital. A freestanding unit operates independently under its’ own CON and license and is operated independently. A mobile unit operates under its’ own CON and license and provides services to various locations. Exempt facilities also operate as mobiles and freestanding units.

The 2008 report contains a Review Section which includes the total MRI utilization for each year from 2000 through 2008 for the licensed MRI units only. It also includes a new chart in the review that shows a side by side comparison of the licensed versus exempt procedures by year. The total MRI utilization data is shown in the Review Section by Area Development District “ADD”. A list of the ADD’s with the corresponding counties is provided as a reference. An ADD map is also included in the report. Questions or comments should be directed to Beth Morris at (502) 564-9592 ext. 3954 or e-mail: [betha.morris@ky.gov](mailto:betha.morris@ky.gov).

Sections of this report include four tables and comments. They include a table for Licensed Facilities, Exempt Facilities, Licensed and Exempt Facilities combined, Equipment Data and Comments.

This report becomes the most recent official data on Magnetic Resonance Imaging Registry of services utilization published by the Cabinet for Health and Family Services. For additional copies of this report, see the following web site <http://chfs.ky.gov/ohp/dhppd/dataresgal.htm> or please submit a request in writing, along with a check in the amount of \$20 made payable to the Kentucky State Treasurer to:
