To: SCL (33) Provider Letter A-31

Re: Map 95 Billing Process

Dear Kentucky Medicaid Provider:

This letter is to notify you of a change to the MAP 95 billing process. Effective May 1, 2009, you will be able to electronically bill for the following SCL billing codes:

E1399 – Specialized Medical Equipment and Supplies

Medicaid Management Information System (MMIS) changes were implemented April 1, 2009, to accommodate this new process.

You will continue to send all information for each request to DMS. DMS will approve, deny or request additional information. DMS will enter this information directly into the EDS system and generate the prior authorization letter. You will then electronically bill your claim just as you would any other service. It will not be necessary to submit paper claims to EDS for these billing codes and it will not be necessary to send any additional information to EDS.

Should you have any questions or concerns, please contact Leslie H. Hoffmann at (502) 564-7450 ext 2128.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth A. Johnson", with a long horizontal line extending to the right.
