

## **How to Update License Information with KY Medicaid**

When a Kentucky Medicaid provider receives an updated license, the provider must submit a copy of the license to Kentucky Medicaid in order to keep their provider information updated.

If you have received a new license and have not yet submitted a copy to Kentucky Medicaid, please forward a copy of your license along with your NPI/KY Medicaid provider number, to the following address:

KY Medicaid  
PO Box 2110  
Frankfort, KY 40602
