

Update for KY non-Medicaid Prescribing Providers as of September 2010

In order to better monitor the prescriptions and the care of Medicaid members, the Kentucky Department for Medicaid Services (DMS) will require all prescribing providers to enroll with DMS as credentialed practitioners. DMS will begin outreach to non-enrolled prescribers to assist with the enrollment process.

- **Effective Sept. 1, 2010**, DMS will no longer add non-Medicaid prescribers to our files.
- **Effective Oct. 1, 2010**, there will be no reimbursement for prescriptions by non-Medicaid providers, which will result in prescriptions denying. Please notify your patients that if they accept a prescription from a non-Medicaid provider, DMS will not pay for the prescription.

If you have any questions or need assistance in completing the enrollment documentation, please contact the Provider Services Branch by email at Program.Integrity@ky.gov or by phone at 877-838-5085 Monday-Friday 10:00 am to 4:30 pm.
