IF YOU WANT TO CHANGE YOUR MANAGED CARE ORGANIZATION

To change your MCO to one of the MCOs listed above, please follow these steps:

1. Check with your doctor. Be sure they work with the MCO you want to choose.
2. If you use more than one doctor, check with each one.

3. Call 1-855-446-1245 or 1-800-635-2570 between 8:00 am and 5:00pm to talk with a Member Services Representative.
4. Have your date of birth and social security number ready when you call. If you want to make changes for the other people listed on this letter, have their date of birth and social security number ready, as well.

PLEASE KNOW - YOU CANNOT MAKE CHANGES BEFORE 10/16/2017

MCO changes will be effective on January 1, 2018. You and your household members will still get benefits from your current MCO until this date. You will get a letter with your new MCO sometime before January 1, 2018. Once enrolled in the new MCO, you will have 90 days to make a change, if you wish to. After 90 days, you will not be able to change until the next open enrollment period, unless you have an event that allows a change.

Thank you for allowing us to provide you with benefits and services. We look forward to serving you in 2018.

Most Sincerely,

The Member Services Team

Kentucky Medicaid Managed Care

Open Enrollment for January 1, 2018

Managed care is a way to get health care that concentrates on preventative services and coordinates care. A health plan or Managed Care Organization (MCO) will provide you with the physical and behavioral health services you need. People in managed care will pick or be assigned to an MCO. That MCO will have a network of physicians, specialty physicians, hospitals, and other medical providers that you must use.

Some Medicaid members cannot be in managed care. This includes people who have Medicaid Savings Plans, who are in nursing facilities and other long term care, who get time-limited Medicaid, or who are in a waiver program.

The MCO will match most Medicaid members with a Primary Care Provider (PCP). This PCP will serve as your *"medical home"*. The PCP will help you get the services you need from other providers in your MCO.

Most Medicaid services will be provided by the MCO. Some services will still be provided by Kentucky Medicaid. You will use your Medicaid ID Card for these services. These services are:

- **First Steps** - A program which helps children with developmental disabilities from birth to age 3 and their families, by offering services through a variety of community agencies. Call 877-417-8377 or 877-41-STEPS for more information.
- **HANDS (Health Access Nurturing and Development Services)** - This is a voluntary home visitation program for new and expectant parents. Contact your local health department for information and to learn about resources.
- **Non-emergency Medical Transportation** - If you cannot find a way to get to your health care appointment, you may be able to get a ride from a transportation company. Call 1-888-941-7433 for help, or see <http://chfs.ky.gov/dms/trans.htm> for a list of transportation brokers or companies and how to contact them.
- **Services for Children at School** - These services are for children from 3 to 21 years of age, who are eligible under the Individuals with Disabilities Education Act (IDEA) and have an Individual Education Plan (IEP). These services include speech therapy, occupational therapy, physical therapy, and behavioral (mental) health services. Call 502-564-9444 for more information.
