

# HAND in HAND

## FREE Training Series for Nursing Homes

The Hand in Hand training materials consist of an orientation guide and six one-hour video-based modules, each of which has a DVD and an accompanying instructor guide. Though Hand in Hand is targeted to nurse aides, it has real value for all nursing home caregivers, administrative staff, and anyone who touches the lives of nursing home residents. Thank you for your commitment to encouraging the use of available materials such as Hand in Hand for the required annual training for nurse aides. We anticipate that these enhanced training programs will enable you to continuously improve dementia care and prevent abuse, as well as enhance resident and staff satisfaction in your community.
