Administrative Regulation #: 907 KAR 1:014
Cabinet for Health and Family Services
Department for Medicaid Services
Agency Contact Person: Stuart Owen or Stephanie Brammer-Barnes (502-564-6204)

(1) Provide a brief summary of:
(a) What this administrative regulation does: This administrative regulation establishes the coverage provisions for outpatient hospital services.
(b) The necessity of this administrative regulation: This administrative regulation is necessary to establish the coverage provisions for outpatient hospital services.
(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by establishing the coverage provisions for outpatient hospital services.
(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the statutes by establishing the coverage provisions for outpatient hospital services.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
(a) How the amendment will change this existing administrative regulation: This amendment establishes the use of criteria by the Department to determine the clinical appropriateness of delivered services as well as clarifies services requiring prior authorization.
(b) The necessity of the amendment to this administrative regulation: This amendment is necessary to ensure the viability of the Medicaid program and to ensure the appropriateness of care provided to Medicaid recipients.
(c) How the amendment conforms to the content of the authorizing statutes: This amendment conforms to the content of the authorizing statutes by establishing the use of criteria by the department to determine the clinical appropriateness of delivered services.
(d) How the amendment will assist in the effective administration of the statutes: The amendment assists in the effective administration of the statutes by establishing the use of criteria by the department to determine the clinical appropriateness of delivered services.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: This amendment will affect all outpatient hospital service providers participating in the Kentucky Medicaid Program.
(4) Provide an assessment of how the above group or groups will be impacted by either the implementation of this administrative regulation, if new, or by the change if it is an amendment: For a given service to be covered by the department (and thus a provider reimbursed), the service must be clinically appropriate pursuant to 907 KAR 3:130.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:
   (a) Initially: The Department for Medicaid Services (DMS) is unable to determine a precise aggregate fiscal impact of the use of the criteria established in 907 KAR 3:130 to determine clinical appropriateness for multiple programs; however, anticipates a savings of at least $2.5 million ($1.7 million federal funds; $0.8 million state funds) annually.
   (b) On a continuing basis: The Department for Medicaid Services (DMS) is unable to determine a precise aggregate fiscal impact of the use of the criteria established in 907 KAR 3:130 to determine clinical appropriateness for multiple programs; however, anticipates a savings of at least $2.5 million ($1.7 million federal funds; $0.8 million state funds) annually.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under the Social Security Act, Title XIX and matching funds of general fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: No increase in fees or funding is necessary to implement the amendment to this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation does not establish or increase any fees.

(9) Tiering: Is tiering applied? (Explain why tiering was or was not used)

Tiering was not appropriate in this administrative regulation because the administrative regulation applies equally to all those individuals or entities regulated by it. Disparate treatment of any person or entity subject to this administrative regulation could raise questions of arbitrary action on the part of the agency. The “equal protection” and “due process” clauses of the Fourteenth Amendment of the U.S. Constitution may be implicated as well as Sections 2 and 3 of the Kentucky Constitution.
