

# Annual Performance Report Data Summary

First Steps  
275 East Main Street  
Frankfort, Kentucky 40621

Phone: 502-564-3756  
Fax: 502-564-0329

## Indicator 1: Timely Services

Timely services were determined by comparing the date of the first service log of a new service to the date of consent (date parent consented to services on the IFSP). If the service occurred within 21 days of the meeting date, the service was considered timely. Services were excluded if the delay in start was due to a Parent/Child delay.

## Indicator 2: Natural Environment

The primary setting report is pulled from the planned services for the IFSP.

## Indicator 3: Childhood Outcomes

Data on early childhood outcomes will be reported after targets are established.

## Indicator 4: Family Outcomes

Family surveys are mailed every year to solicit input from families to determine their satisfaction in the areas of

- \*4A-Knowing their rights
- \*4B-Effectively communicating their child's needs
- \*4C-Helping their child develop and learn

## Indicator 5: Birth to 1 Participation Rate

The number of children aged birth to 1 with an IFSP as compared to other states with similar eligibility criteria and national data.

## Indicator 6: Birth to 3 Participation Rate

The number of children aged birth to 3 with an IFSP as compared to other states with similar eligibility criteria and national data.

## Indicator 7: 45 Day Timeline

The number of eligible children that received the initial IFSP within 45 days from the date of referral.

## Indicator 8: Early Childhood Transition

The number of children exiting Part C who receive timely transition planning by their 3rd birthday. This includes:

- \*8A-IFSPs with Transition steps and services
- \*8B-Notification to the Local Educational Authority of all children that are potentially eligible for Part B services
- \*8C-Timely transition conferences

## Additional District Information

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP).

Indicators 2, 4, 5 and 6 are performance indicators. These are a measure of the districts overall performance in several key areas.

While the district did not meet all state targets there was significant improvement in the district performance from the previous year. The Barren River district was determined to improve from *Needs Intervention* to *Needs Assistance*. This shows a dedication to quality improvement by the Point of Entry staff and providers in the district.

For Indicator 4, a there were a total of 611 family surveys returned statewide. There were 34 responses from families in the Barren River district.

Indicator 3 will measure the percentage of infants and toddlers that show improvement in positive social-emotional skills; the acquisition and use of knowledge and skills; and the use of appropriate behaviors. Data for this indicator will be collected once the state targets have been set.

A determination of *Needs Assistance* means that the district has technical assistance and training resources on topics specific to the areas of non-compliance available. This may include onsite technical assistance visits and monitoring calls with the Point of Entry manager and other key stakeholders.

## Additional District Information

Indicators 1, 7 and 8 are compliance indicators. The target is set by the Office of Special Education Programs (OSEP).

Indicators 2, 4, 5 and 6 are performance indicators. These are a measure of the districts overall performance in several key areas.

While the district did not meet some state targets there was improvement in the district's performance from the previous year. The Northern Kentucky district determination was *Needs Intervention 2*.

For Indicator 4, a there were a total of 611 family surveys returned statewide. There were 81 responses from families in the Northern Kentucky district.

Indicator 3 will measure the percentage of infants and toddlers that show improvement in positive social-emotional skills; the acquisition and use of knowledge and skills; and the use of appropriate behaviors. Data for this indicator will be collected once the state targets have been set.

A determination of *Needs Intervention 2* means that the district is required to obtain and use targeted technical assistance and training resources on topics specific to the areas of non-compliance. This may include onsite technical assistance visits and monthly monitoring calls with the Point of Entry manager and other key stakeholders.
