

# The Kentucky Laboratory Sentinel

July 2005

## Sentinel Workshop

### Thank You !

**T**hank you to all of the laboratories that participated in the Kentucky Sentinel Workshop. It was great to see old faces and meet new ones. We hope you enjoyed it and were able to take back something that was memorable.

If you attended the workshop and would like to print a certificate...

## LPS

Just a reminder the CAP Laboratory Preparedness Survey is due to be released August 1st.

As we look to a new grant year, we ask that if you have changes in your laboratory (anyone the State Lab would contact) please email Leigh Ann with updated phone numbers and email addresses.

The ability of the KY Public Health Lab to identify and notify Sentinel Laboratories within a specified time period will soon be a performance measure within our grant.

Watch for exciting exercises and training coming your way!

**NEW**

**24/7/365  
Emergency Number**

We now have an after hours/holiday cell phone number. If you have an emergency please call the lab using this number.

**(502)330-6235**

KY Public Health Lab Hours  
8-4:30 EST Monday - Friday

Comments or Suggestions, please email [leighann.bates@ky.gov](mailto:leighann.bates@ky.gov)
