

2016 Provider Forums for Aetna Better Health of Kentucky

Earlier this year, we became Aetna Better Health of Kentucky. Since that time, we have had many successes, as well as some challenges. But the one constant has been our commitment to providing the best possible health care benefits to our members by demonstrating excellence, integrity, caring and inspiration in our business practices. To help you, our providers, better navigate through some of the changes, we are hosting a series of Provider Forums.

These Provider Forums will be held in various locations across the Commonwealth of Kentucky. We invite you and your staff to attend a Provider Forum in your area, simply check out the list below for full details regarding locations and registrations.
