

HAVE YOU TESTED YOUR YOUR HOME FOR RADON?

FREE RADON TEST KITS FOR KENTUCKY RESIDENTS.

Facts about radon:

- Elevated radon levels have been found in every county in Kentucky.
- Radon is the second leading cause of lung cancer.
- It is odorless, colorless, and tasteless.
- There is no way to know if you have a radon problem unless you test.

Get your free Radon Test Kit today. To obtain a free test kit, check the list on the back of this page to find out if your county has the test kits available.

If you live in a county that is not listed on the back, you may contact the Kentucky Radon Program using the number below.

KENTUCKY RADON *Free Radon Test!*
