Dear Member:

Welcome to *KyHealth Choices*, formerly known as Kentucky Medicaid. As a member of *KyHealth Choices*, you have been enrolled in a benefit plan that offers you services that are personalized to your specific needs and allows you to be more involved in your health care.

Your new *KyHealth Choices* plan is called Comprehensive Choices. The Comprehensive Choices plan includes basic medical services, including mental health services in inpatient and outpatient settings.

You will need to pay a co-payment for some services and prescriptions. The most you will have to pay is \$225 for healthcare services per calendar year and \$225 for prescriptions per calendar year. You are responsible for these co-pays when you receive services. All of the co-pays count toward the maximum amounts.

Please see the attached sheets that describe your new health plan in more detail. You may also receive other services through the Home and Community Based (HCB) waiver, the Acquired Brain Injury (ABI) waiver, and/or the Model II (Ventilator Dependent) waiver. You will receive a new Medicaid card within five to ten business days.

If you do not want to be in Comprehensive Choices, you may opt-out. You will be placed into the Global Choices plan. You will be required to pay higher co-pays with fewer service limits.

Please visit our website at <http://www.chfs.ky.gov/dms/kyhealthchoices.htm> to learn more about Comprehensive Choices and to see a copy of the *KyHealth Choices* Member Handbook in English or Spanish. **If you would like to have a handbook mailed to you; have questions about your plan; or wish to switch from Comprehensive Choices to Global Choices, call 1-800-635-2570 or 711 for KY Relay.**

Sincerely,

Elizabeth A. Johnson
Commissioner
