

Refusal of First Steps Services

I, as parent or guardian, have been informed of the purpose of First Steps, and the procedures involved in determining eligibility for the First Steps, Kentucky's Early Intervention Program. I understand that participation of my child and family is voluntary and can be stopped at any time.

Therefore,

At this time, I do not give my permission for First Steps to obtain information necessary to determine eligibility for this program.

I understand the First Steps program and it's services, however, I am not interested in receiving services at this time.

As parent or guardian, you may request at any time, until your child's third birthday, that the First Steps Point of Entry office refer your child for evaluation to determine eligibility for the First Steps program.
