

**KENTUCKY FOODBORNE AND WATERBORNE
OUTBREAK INVESTIGATION MANUAL**

Table of Contents

Table of Contents.....	1
Acknowledgments.....	4
Record of Change	5
Manual Review and Maintenance	7
Chapter 1: Outbreak Definition and Quick Reference Guides.....	9
Overview of Outbreak Definition and Quick Reference Guides.....	11
1.1 What is an Outbreak?	12
1.2 Purpose of the Outbreak Investigation	12
1.3 Steps in Investigating an Outbreak	14
1.4 Flowchart of an Outbreak Investigation.....	14
Figure 1: Steps in the Investigation of Foodborne/Waterborne Illness	
Complaints and Outbreaks	15
1.5 Health Care Provider Guidelines for Reporting Suspected Foodborne	
Outbreak-Related Illnesses	16
1.6 Health Care Provider Guidelines for Reporting Suspected Waterborne	
Outbreak Related Illnesses.....	17
1.7 Triggers for Activation of Plan:	18
Chapter 2: Roles and Responsibilities	23
Overview of Roles and Responsibilities.....	25
2.1 Physicians and Health Care Providers.....	26
2.2 Local Health Department Director	26
2.3 Epidemiology Rapid Response Team (ERRT)/ESF-8 Epidemiology	
Response Team	26
2.4 Regional Epidemiologist	27
2.5 Regional or LHD Nurse.....	28
2.6 Regional or LHD Sanitarian or Environmentalist	29
2.7 Regional Child Care Consultant.....	30
2.8 KDPH State Epidemiologist/ Division of Epidemiology and Health	
Planning	30
2.9 KDPH Division of Epidemiology and Health Planning – Infectious Disease	
Branch – Reportable Disease Section.....	31
2.10 KDPH Division of Public Health Protection and Safety – Food Safety	
Branch.....	32
2.11 KDPH Division of Public Health Protection and Safety - Environmental	
Management Branch.....	32
2.12 KDPH Division of Laboratory Services.....	32
2.13 KDPH Division of Maternal and Child Health - Early Childhood	
Development Branch – Early Childhood Promotion Section.....	33

KENTUCKY FOODBORNE AND WATERBORNE OUTBREAK INVESTIGATION MANUAL

2.14 Cabinet for Health and Family Services (CHFS) Office of the Inspector General (OIG)	33
2.15 CHFS Office of Communications.....	33

Reference Books and Journal Articles.....	253
Reference List of Infectious Disease Information on the Internet.....	254
Mapping Resources:	258
Public Health Data Resource Guide:.....	258

Acknowledgments

This manual was developed with the input and assistance of the Foodborne and Waterborne Illness Working Group that was comprised of members from the following agencies: Kentucky Department for Public Health (KDPH), Division of Epidemiology and Health Planning, Infectious Disease Branch; KDPH Division of Laboratory Services; and KDPH Division of Public Health Protection and Safety, Environmental Management Branch and Food Safety Branch. KDPH would also like to thank the Wisconsin Division of Public Health and the Massachusetts Department for Public Health for allowing KDPH to model Kentucky's manual after their Foodborne and Waterborne Outbreak Investigation Manuals. The overall outline of the Kentucky manual was adopted from Wisconsin, and the format of the Kentucky manual was influenced by Michigan's manual. KDPH also referred to the Michigan manual to prepare the text for Chapter 3, Steps in Investigating an Outbreak, and Chapter 4, Development of the Final Report. Also, special thanks to Emily Moses for preparing the manual cover. Questions and comments regarding this manual should be directed to KDPH Division of Epidemiology and Health Planning, Infectious Disease Branch, Reportable Disease Section, 502-564-3261.
