## INTRODUCTION

The Office of Health Policy announces the release of the 2012 Kentucky Annual Private Duty Nursing Services Report. The Office of Health Policy is responsible for the private duty nursing utilization collection and reporting set forth in 902 KAR 20:008 and 900 KAR 6:125. This report contains the most recent official private duty nursing data published by the Cabinet for Health and Family Services.

The file received from the Office of Inspector General (OIG), Division of Licensure and Regulation contained 10 Private Duty Nursing Agencies. Data in this report covers 100% of all licensed private duty nursing agencies.

Data in this report are organized in three sections. Section I shows beginning census, admissions, discharges and ending census by agency and county of service. Section II shows total patients served by age category, agency and county of service. Section III shows the number of patients served and number of visits for various disciplines (skilled nursing, home health aide, physical therapy, occupational therapy, and speech therapy) for each agency during 2012. The agencies are grouped first by ADD then by county served. **ADD totals** appear throughout the report following all county data for each ADD. **Statewide totals** appear at the end of each section. In addition, Section IV contains information and changes regarding individual agencies during the year.
