Re: PDS Request for \_\_\_\_\_ (Employee):  
Dear \_\_\_\_\_ (Participant):

Due to the state of emergency issued by Governor Andy Beshear on March 6, 2020, the Department for Medicaid Services (DMS) has suspended the Home and Community Based Version (HCB) and Supports for Community Living (SCL) Waivers Participant Directed Services (PDS) requirements for immediate family member, guardian, or legally responsible individual. This means \_\_\_\_\_ (Employee) can begin providing services on a temporary basis without approval from the Department for Aging and Independent Living (DAIL).

\_\_\_\_\_ (Employee) is eligible for employment while other employee requirements, such as background checks, are pending and up until the state of emergency has ended. Please note if a background check is returned with a result of substantiation or conviction of past abuse, neglect, exploitation and/or a violent crime, \_\_\_\_\_ (Employee) ceases to be an eligible employee.

DMS will provide a minimum of a 48 hour notice when the state of emergency suspension is lifted. When the suspension is lifted, individuals will need to obtain approval from DAIL through the normal regulation process should the participant wish to continue using \_\_\_\_\_ (Employee) as a paid PDS Employee on the HCB or SCL waivers.

A copy of this letter is provided to your service advisor for processing.

Should you have any questions or need additional assistance, you may contact DAIL at (502) 564-6930 or by e-mail at [DAIL\\_pds@ky.gov](mailto:DAIL_pds@ky.gov).

Re: LRI Conditional Employment for \_\_\_\_\_ (Employee Name):  
Dear \_\_\_\_\_ (Participant):

Beginning July 1, 2024, the Department for Aging and Independent Living (DAIL) will begin a new process for reviewing Participant Directed Services (PDS) employees who are legally responsible for the participant hiring them. These PDS employees are known as legally responsible individuals (LRI).

The LRI PDS participant specified above is being hired between May 1, 2024, and June 30, 2024. This PDS employee is temporarily approved to provide your services without being reviewed by DAIL. The PDS employee must undergo the review process at the time of your next waiver level of care re certification.

Before delivering your services, \_\_\_\_\_ (Employee Name) must meet all other requirements for being a PDS employee. This includes undergoing a background screening, a Tuberculosis risk assessment, and completing any required training. If your PDS employee does not meet these requirements, they will not be able to provide your services.

A copy of this letter is provided to your PDS case manager for processing.

If you have questions or need additional help, contact DAIL at (877) 315-0589 or by e-mail at [HCBInquiries@ky.gov](mailto:HCBInquiries@ky.gov).

# Common Questions

## Hiring and Review Process

Can LRI PDS employees continue working while they wait for review?

- Yes! **If an LRI is already working, they may continue to work for the participant** while the LRI review is in progress. If a participant wants to hire a new LRI **after July 1, 2024, the LRI must be reviewed before they begin working.**

How long will the review process take?

- Once all completed information is received, the target for review determination is less than five (5) business days.

Does the review process take place yearly?

- No, this is a one-time process. Once an LRI is approved using the formal review process, they will not require review again.

# Common Questions

## LRI Definition

I am a parent of a waiver participant over age 18 and I am **not** their court-appointed guardian. Do I require review?

- No. Parents of adults (age 18 and older) are not considered legally responsible **unless the parent is the adult child's court-appointed guardian.**

Do other family members require review?

- Other family members (such as siblings or grandparents) do not require review unless they fall under the LRI definition. For example, **a grandparent who is also a court-appointed guardian** would require a review. A grandparent who is not a court-appointed guardian would not require review.

Do backup or standby guardians require review?

- No. If you do meet the definition of LRI and you are providing paid supports, then you will have to be reviewed.

# Common Questions

## LRI Definition

If an LRI is approved and working for a minor child obtains guardianship when the child is 18, does the LRI have to be reviewed again?

- No.

I have a power of attorney for a waiver participant. Do I require review?

- No. Unless an individual with a power of attorney for a waiver participant is also a legally responsible individual, they do not require review.

Why are LRIs subject to a review and other family members are not?

- LRIs must be reviewed because they have decision-making power over the participant. Federal rules and regulations for waiver programs require states to put safeguards in due to the potential conflict of interest these situations can create.

# Common Questions

## Review Criteria

When attempting to hire non-LRI employees, when does the 30-days start?

- The 30-days starts upon the approval for waiver services.

What does a communication barrier mean? Is it only the inability to speak? Or does it include a developmental delay affecting the ability to communicate needs?

- Any communication barrier and its associated care needs can vary from participant to participant. Reviewers will evaluate each participant's situation based on the information provided and will follow up with the case managers if additional information is needed to make a determination.

How can the participant/PDS representative show attempts to hire other non-LRI employees?

- The participant or PDS representative can describe, in detail, the steps they have taken to hire other employees. Documentation is not required, however, you could submit emails with other providers, notes, or a log of individuals you tried to hire and why they did not work out.

# Common Questions

## Documentation

Is documentation required when submitting a review request?

- Responses to criteria need to be detailed and may include additional documentation to support.

Does the MAP-10 qualify as documentation of extraordinary care?

- No.

# Common Questions

## Documentation

What types of documentation can be submitted?

- You can submit any document you feel might be helpful. Below is a list of possible documents. This is not an exhaustive list.
  - Child's IEP
  - Results of court-ordered evaluations
  - Behavior Support Plan
  - Psychological Evaluation
  - Physician Note about individual's care needs
