Audrey Tayse Haynes
Secretary

Lisa D. Lee
Commissioner

April 22, 2015

TO: Managed Care Organizations
FROM: Department for Medicaid Services
RE: CORF

Further Clarification:

Commissioner Lee has requested all MCOs review with their staff that a CORF can bill and provide services to individuals (under age 21) as well as the dual population. There appears to be some confusion from a posting on the DMS web site that states a CORF is limited to Medicare deductible and coinsurance payments for Qualified Medicare Beneficiary (QMB) recipients. The web site information is in the process of being corrected.

Thank you for prompt consideration of this request. Additional questions may be directed to the Department through your MCO liaison.
