SSN and FEIN Validation

Provider Type 79 Speech Language Pathologist linking

TEAM KENTUCKY®
CABINET FOR HEALTH AND FAMILY SERVICES

SSN AND FEIN VALIDATION

A validation has been updated on the 1.1 Basic Information and the 1.2 Tax Information screens in Partner Portal. This validation compares the combination of the SSN/FEIN against the NPI, Provider Category and Provider Type listed on Medicaid ID files. This means that if a duplication is found across the same Provider Category with the same NPI and SSN/FEIN then the change cannot be made or the application cannot be submitted.

This is not a cross-category validation. If an Individual Provider has the same FEIN on a Group or Entity Medicaid ID then the combination will pass and the item can be submitted.

Individual Provider
Provider Type 64
NPI 2233445566
FEIN 99999999

Individual Provider
Provider Type 64
NPI 1122334455
FEIN 99999999

Group Provider
Provider Type 65
NPI 2233445566
FEIN 99999999

Individual Provider
Provider Type 64
NPI 1122334455
FEIN 99999999

PROVIDER TYPE 79
SPEECH LANGUAGE PATHOLOGIST

Individual PT 79 Speech and Language Pathologists are now allowed to be linked to both PT 31 Primary Care Center and PT 35 Rural Health Clinic.

This can be completed on the individual provider file or the Entity provider file by going to the corresponding section. Please note that a MAP 347 will still be required when an Entity links the individual PT 79 Speech Language Pathologist to their Medicaid ID.

Changes will go into effect on February 19th 2025.
