Thank you for joining KLOCS Webinar

Part 1

Please review the Zoom Tips for Success while you wait:

Ask a Question in Q&A
If you would like to ask a question about the webinar content:
• Click the “Q&A” icon.
• Type your question and click “Enter” on your keyboard.

Let’s Poll
We will be checking in by asking questions. To answer questions:
• Click the “Polls” icon, if the polls pop-up doesn't display automatically.
• Select the appropriate “Answer” and click Submit.

Please Note: The Polls icon only displays once the Host enables it.

Audio
To hear the webinar:
1. Click the “Join Audio” icon.

Please Note: This is a recorded webinar, all attendees are muted automatically.

Let’s Poll
Once the Host enables the Poll, select an answer to the question and click Submit.
If you could only eat one food for the rest of your life, which would it be?

Answer using the Polls box!
What if I have Questions During the Webinar?

Please ask questions about the webinar content using the **Q&A Icon** located at the bottom of your Zoom screen. A FAQ will be developed and distributed to all attendees after the webinar.
KLOCS User Guide

The KLOCS User Guide includes:

- Overview of **Level of Care (LOC) Policy Updates** and Regulation Changes
- **Glossary of Key Terms** and **Key Stakeholder Groups** involved in Level of Care processes
- **Functionality Guides** outlining the functions on each screen in KLOCS
- **Step-by-step directions** for completing LOC applications, tasks, and ongoing LOC management in KLOCS
- **Detailed guidance and picture examples** for navigating KLOCS

KLOCS Training Materials will be available online: [https://chfs.ky.gov/agencies/dms/provider/Pages/klocs.aspx](https://chfs.ky.gov/agencies/dms/provider/Pages/klocs.aspx)
Training Knowledge Checks

HEADS UP!

There are Knowledge Checks with review questions at the end of each module.

Answer using the Polls box!
KLOCS Overview, Purpose, & Scope
The Kentucky Level of Care System (KLOCS) is scheduled to go live on August 3, 2020. The KLOCS implementation includes policy and process changes to requirements for submitting LOC requests due to the new regulations that impact billing.

The Department for Medicaid Services (DMS) has transformed Level of Care (LOC) processes with the Kentucky Level of Care System (KLOCS) implementation. KLOCS is a new technology system for LOC providers to electronically submit LOC applications, eliminating the paper-based LOC application processes.

The purpose of the KLOCS implementation is to streamline LOC processes by improving communication and coordination between all stakeholders involved in the LOC applications, review, and approval processes.

KLOCS Benefits

**FASTER**
Stakeholders must electronically initiate LOC processes, increasing efficiency.

**ACCURATE**
Data from multiple stakeholders is stored in a single system of record, reducing errors and delays.

**TRANSPARENT**
Stakeholders interact automatically via tasks and notifications, improving communication.

**KLOCS**: Kentucky Level of Care System

The new record system replacing paper-based processes in order to streamline level of care (LOC) processes across nursing facilities (NF), institutionalized hospice service providers, and intermediate care facilities for individuals with intellectual disabilities (ICF-IID).
Stakeholder Communication in KLOCS

KLOCS allows stakeholders to interact electronically through Tasks and Notifications during LOC application processes.

**Providers**
(NF, Institutionalized Hospice Service, ICF-IID)

- Completes LOC applications for Individuals
- Manages Individual LOC applications
- Triggers review tasks for the appropriate review organization by submitting LOC applications
- Receives electronic notifications regarding updates to each LOC application (under review, review complete) and LOC determinations
- May receive tasks from the appropriate review organization or Department for Medicaid Services (DMS)
Stakeholder Communication in KLOCS

### Community Mental Health Centers (CMHC)

- LOC Determination for PASRR Level II Serious Mental Illness (SMI) Applications
- Receives an application review task once Providers submit a PASRR Level II SMI application
- Triggers an electronic notification to Providers
- May trigger the LOI Task for Providers
- May trigger LOC Determination Task for DBHDID by recommending Individuals that meet the criteria for PASRR Level II – ID-RC/Dual Diagnosis
- May receive LOI Task from DBHDID
**Stakeholder Communication in KLOCS**

**Department for Behavioral Health, Developmental and Intellectual Disabilities (DBHDID)**

- LOC Determination for PASRR Level II Intellectual Disability (ID) Related Condition (RC) ID-RC/ Dual Diagnosis LOC applications, and State ICF applications
- Receives the DBHDID Committee LOC Determination Task once CMHCs submit a recommendation for an Individual meeting ID-RC/Dual Diagnosis criteria
- Triggers electronic notification to Providers once LOC determination is concluded
- May trigger the LOI Task for CMHC if more information is required
# KLOCS Policy and Process Updates

With the August 3, 2020 implementation, KLOCS introduces the new functionalities below.

<table>
<thead>
<tr>
<th><strong>LOC APPLICATION INTAKE</strong></th>
<th>Providers must electronically enter application intake information on KLOCS which triggers a task for the appropriate review organization to determine if the LOC is met.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>CHANGE OF OWNERSHIP (CHOW)</strong></td>
<td>KLOCS supports systematic Change of Ownership related actions for LOC records when facility ownership changes.</td>
</tr>
<tr>
<td><strong>LOC TRANSFERS</strong></td>
<td>KLOCS supports transferring an Individual from one facility to another.</td>
</tr>
<tr>
<td><strong>LOC DISCHARGES</strong></td>
<td>KLOCS allows discharging an Individual from a facility.</td>
</tr>
<tr>
<td><strong>LOC CORRECTIONS</strong></td>
<td>KLOCS allows users with a certain access level to make corrections to completed LOC applications.</td>
</tr>
</tbody>
</table>
Knowledge Check: KLOCS Overview

KLOCS goes live on what date?

Answer using the Polls box!
Knowledge Check: KLOCS Overview

True or False: On August 3, 2020, KLOCS will become MANDATORY and will replace the current paper-based system for Level of Care (LOC) processes.

Answer using the Polls box!
Will my Facility’s Current Medicaid Members be in KLOCS?
The LOCs for active Medicaid Members and LOCs less than 365 days old are being migrated to KLOCS.

Yes. The intention is to transition all active Medicaid members into KLOCS as well as non-active Medicaid recipients with an LOC less than 365 days old (less than 1 year old).

Please Note: Non-active Medicaid recipients with an LOC more than 365 days old (over 1 year old) will not be transitioned to KLOCS.

Action Item for Facilities:
The week of August 3, 2020 Facilities MUST go into KLOCS to verify all their current Medicaid members and LOCs less than 365 days old were migrated to KLOCS. Go to Member View on the Dashboard screen to compare your Member Roster with the active LOCs in KLOCS.

If there are any discrepancies, then the facility must email an encrypted excel file to the Call Center at Medicaidpartnerportal.info@ky.gov
- Include the Provider ID, Individual's First and Last Name, DOB, and SSN
- Send a separate email with the password to the encrypted file
KLOCS Tips for Success

Please review the KLOCS Tips for Success for a successful transition to KLOCS.

**Provide DMS the Name of Your Facility's KOG Org Admin**
- Facilities **MUST** provide DMS the name of the individual who will hold the responsibility and role as the facility's KOG Org Admin
- Email this Individual's information to: KLOCSOrgAdmin@ky.gov

**Create KOG Accounts**
- All staff who administratively handle LOC intake may create their KOG accounts before August 3, 2020
- The KLOCS tile won’t appear on the KOG My Apps page until August 3, 2020

**Verify LOCs Were Transitioned to KLOCS**
- The **week of August 3rd**, verify that all active Medicaid Member LOCs AND non-active Medicaid Recipients with LOCs less than one year (365) days old are in KLOCS

**LOC Start Date in KLOCS**

<table>
<thead>
<tr>
<th>LOC Application Submission Scenarios</th>
<th>LOC Start Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>If the LOC application is submitted <strong>less than</strong> 3 calendar days after the Admission Date</td>
<td>Admission Date</td>
</tr>
<tr>
<td>If the LOC application is submitted <strong>more than</strong> 3 calendar days after the Admission Date</td>

Question: Internet Connection

Does your facility have stable internet connection to work on KLOCS related tasks?

Answer using the Polls box!
Question: Equipment

Does your facility have equipment (e.g. PC, Laptop, Tablets, Scanner, etc.) to access KLOCS?

Answer using the Polls box!
Access KLOCS
Access KLOCS
Before accessing the Kentucky Level of Care System (KLOCS), authorized Users must meet certain criteria.

To access KLOCS, Users must meet the following criteria:

- Users must be part of an organization that handles Level of Care (LOC) applications and/or determinations
- Users are required to have a Kentucky Online Gateway (KOG) account
- Users are required to complete Multi-Factor Authentication (MFA) when logging into the system

KOG Account Creation:
Access to KLOCS is by invitation only.

- Each facility has a KOG Organization Administrator (Org Admin) responsible for sending the invitation to the authorized users at their facility to create a KOG account to access KLOCS.
- KOG User Guides will be available on the DMS training page prior to go-live.

Users with existing KOG can use the same account for KLOCS

- The Individual must provide the facility’s Org Admin with the email address tied to their existing KOG account.

Please Note: In order to create a KOG account, Users are required to provide personal information (e.g. Social Security Number, Date of Birth, etc.) for identity verification. This information will not be stored.
Accessing KLOCS
Before accessing the Kentucky Level of Care System (KLOCS), authorized Users must complete the following steps.

   
2. Click Let's Get Started.

3. Welcome to the Kentucky Online Gateway screen displays.

   If the KLOCS User is not a state employee, click Sign In. If the KLOCS User is logging in with a ky.gov email address or KHRIS ID, they must type their username and password on the State Employee Gateway Login screen by clicking Email Address or KHRIS ID.
Accessing KLOCS

Before accessing the Kentucky Level of Care System (KLOCS), authorized Users **must** complete the following steps.

4. For non-state employees, the **Citizen (or) Business Partner Sign In** screen displays, enter credentials (email address and password).

5. Click **Sign In**.

4. For state employees, the **State Employee Sign In** screen displays, enter credentials (email address and password).

5. Click **Sign In**.

Refer To: The appropriate KLOCS KOG Guide if additional guidance is needed to set up a KOG account.
Accessing KLOCS
Before accessing the Kentucky Level of Care System (KLOCS), authorized Users must complete the following steps.

6. Click **Launch** on the Kentucky Level of Care System (KLOCS) application.

7. The system redirects the KLOCS User to the MFA screen.

The VIP Access Icon should be installed on all KLOCS Users computers. KLOCS Users will need to open the VIP Access Icon to receive a Security Code to enter on the MFA screen.
Accessing KLOCS

Before accessing the Kentucky Level of Care System (KLOCS), authorized Users must complete the following steps.

8. The KLOCS User should click on the VIP Access Icon on their computer. This displays the VIP Access Credential ID and Security Code.

9. The KLOCS User should navigate back to the MFA screen on the browser. Enter (or copy and paste) the Security Code from the VIP Access from Step #8.

10. Click Continue.

Refer To: The KLOCS Setting up Multi-Factor Authentication (MFA) Quick Reference Guide if additional guidance is needed to set up MFA on the computer.
Accessing KLOCS

Before accessing the Kentucky Level of Care System (KLOCS), authorized Users must complete the following steps.

11. The Warning screen displays. Review the Terms and Click Accept to proceed to KLOCS.

12. The KLOCS User successfully navigates to the KLOCS Dashboard screen.

Please Note: The KLOCS User must complete these steps to log into KLOCS each time. Users should not share login credentials. Once a User is no longer with their respective organization, their access is revoked by the facility’s Org Admin.
### KLOCS Helpdesk Process Flows

**Before 8/3/2020**

**KOG Questions?**

**Starting 8/3/2020**

**System Issues or KOG Questions?**

### Contact KOG Helpdesk

**Phone Number:** 502-564-0104 Extension: 2  
**Email Address:** KOGhelpdesk@ky.gov  
**Hours of Operation:**  
Monday – Friday 8:30am -5:00pm ET

### Contact KLOCS Call Center

**Phone Number:** 855-326-4650 - Select Option 2 (Providers) then Option 4 (KLOCS Technical Support)  
**Email Address:** Medicaidpartnerportal.info@ky.gov  
**Hours of Operation:**  
Monday - Friday 8am -5pm ET

---

**Please Note:** The KLOCS Call Center requests that any emails include KLOCS and a brief description of the issue in the subject line to help triage issues. Do not include any PHI (SSN, DOB, Medical History, etc.) in the email unless it is encrypted.

**Providers must answer the following questions for identity verification purposes:**
- First Name and Last Name
- Name of the Organization they work for
- Medicaid Provider ID of the Organization (Note: if a facility recently transferred ownership the Medicaid ID may have changed)
Has your facility contacted DMS to request a Organization Administrator for the KLOCS application?

Answer using the Polls box!
If you will use KLOCS starting August 3, 2020, do you already have an existing KOG account OR will you need to create a KOG account?

Answer using the Polls box!
System Navigation

System Demonstration: Basic System Navigation
Knowledge Check: KLOCS Home Page

What is the home page for all Users within KLOCS?

Answer using the Polls box!
Knowledge Check: Screen

The _____ screen is where Providers view an Individual’s contact information, access the Individual’s application, assessment history, notifications and uploaded documents.

Answer using the Polls box!
Knowledge Check: Facility Notifications

What screen should a Provider access if they want to view the Facility’s notifications and correspondences?

Answer using the Polls box!
Application Intake & Document Upload
Individual Identifiers in KLOCS

KLOCS creates three unique identifiers for each Individual. These identifiers may be used to search for specific Individuals in KLOCS.

- **Individual ID**: An Individual ID is a system-generated identification number assigned to each Individual once the Provider begins creating an LOC application for the Individual. Once created, the Individual ID should display in the yellow bar at the top of every screen during application intake.

- **PASRR Number**: A PASRR Number is a system-generated identification number assigned to each PASRR evaluation once the PASRR Level I section of the LOC application is completed. PASRR evaluation have the following statuses:
  - “Complete” - After the reviewer finalizes LOC determination. Once “Complete” the PASRR number is locked and cannot be updated.
  - “Incomplete” - Any time before the reviewer finalizes LOC determination.

- **Application Number**: An Application Number is a system-generated identification number assigned to each LOC application once the Provider begins the MAP-726A section of the LOC application. KLOCS stores 5 types of applications (e.g. ICF, NF-Swing Bed, NF-PASRR Level I, Institutionalized Hospice, NF-PASRR Level II). A new Application Number must be created for the following circumstances:
  - Individual transfers to a new facility
  - There is a Change of Ownership
Master Client Index (MCI)
As an Individual's information is entered by the Provider during the LOC application intake, KLOCS utilizes the Master Client Index (MCI).

The Master Client Index (MCI) is a centralized database that uses elements specific to an Individual to check if they currently exist in the Commonwealth's Integrated Eligibility and Enrollment System (IEES). KLOCS uses MCI to confirm Individuals are correctly linked between systems.

The MCI checks for possible matches using the following elements entered by the Provider during LOC application intake:

- FIRST NAME
- LAST NAME
- DATE OF BIRTH
- GENDER
- SOCIAL SECURITY NUMBER

**MCI Match Outcomes:**

- **Full Match**
  The MCI locates a perfect match with an already existing Individual in IEES.
  An **existing Individual ID** is returned by the MCI and the LOC application will be associated with that Individual ID.

- **No Match**
  The MCI was unable to find a match with any existing Individual in IEES.
  A **new Individual ID** is created for this Individual and their information is updated in IEES.

- **Partial Match**
  The MCI locates multiple potential matches with existing Individuals in IEES. A Partial Match task is sent to DMS.
  A **temporary Individual ID** is created. This temporary Individual ID is updated after DMS resolves the Partial Match.

Please Note: Regardless of the Master Client Index (MCI) Match Outcome, the KLOCS user may still proceed with the LOC application intake.
System Demonstration: Application Intake – PASRR Level I only, Non-Swing Bed LOC Application
Q&A
What if I have Questions?

Please ask questions about the webinar content using the **Q&A Icon** located at the bottom of your Zoom screen. A FAQ will be developed and distributed to all attendees after the webinar.
Thank You!

See you tomorrow for Part 2!
