Kentucky SOR Grant
reSET and reSET-O Pilot:
Final Outcomes Report

Kentucky Behavioral Health TAC Meeting
September 8, 2022
This Final Report has been prepared for you upon your request by Pear Therapeutics, Inc. ("Pear") for informational purposes only. This Final Report is for management and is not intended for healthcare providers. The information is in no way intended to imply or suggest claims regarding the Product beyond its approved/cleared indications and uses and FDA-required labeling.

The contents of this report including text, data and/or graphs are proprietary to Pear. The data presented here are limited to the scope of the “Prescription Digital Therapeutics reSET-O Pilot” agreement between Pear and the Division of Mental Health and Addiction, State of Kentucky. Pear is not responsible for the decisions that you may make using this information.

All information is confidential and proprietary to Pear and should not be shared without Pear’s prior written consent.
Presentation Overview

I. KY KORE Pilot Summary

II. Onboarding and Fulfillment

III. Patient Utilization
KY KORE Pilot Summary
Bringing evidence-based treatment, data, and support together 24/7 in an engaging PDT.

The Pear platform is secure:

- Integrated, secure API
- GMP compliant
- HIPAA compliant
Overview:
• Pear was responsible for collaborating with the KORE and the KPCA teams to create a recruitment and implementation plan to manage a Pilot of 100 patients
• Pilot goals included patient engagement, patient retention, and positive provider feedback on implementation with patients
• Pear provided ongoing support to all participating providers in the form of education, training, technology support and case management provided by PearConnect (Patient Service Center). Based on KORE direction Pear implemented pilot with contingent management not to exceed $75 per patient per year

Recruitment Plan:
• **Purpose:** to recruit, gain provider commitments and educate participating providers
  1. Provider outreach, Provider education, Provider training and support

Implementation Plan:
• **Purpose:** to create an implementation plan to ensure successful prescription fulfillment, ongoing training/support for providers, and approved content and delivery cadence of the aggregate and provider-specific data outcomes reports.
  1. Enrollment deadlines
     • Implementation of Pilot, Data collection, Data points specified by KORE
  2. Customized Data Outcomes Report Delivery
Onboarding and Fulfillment
Providers quickly integrated reSET/O into their practice

**Definitions:**
- **Onboarded**: Patients that redeemed their prescription and have begun reSET or reSET-O therapy.

**Indications for Use**: End of Deck.
Patients Onboarded varied by treatment location and city

- **Whitesburg, KY**: 72 patients
- **Cumberland, KY**: 14 patients
- **Harlan, KY**: 7 patients
- **Coronettsville, KY**: 3 patients
- **Owensboro, KY**: 4 patients

**Definitions:**
- This data is for the 100 onboarded KY Patients as of 11/01/2021.
- Onboarded: Patients that redeemed their prescription and have begun reSET or reSET-O therapy.

**Indications for Use:** End of Deck.
reSET-O accounted for over 96% of the 100 prescriptions onboarded

**Definitions:**
This data is for the 100 onboarded KY Patients as of 11/01/2021.
Onboarded: Patients that redeemed their prescription and have begun reSET or reSET-O therapy.

**Indications for Use:** End of Deck.

Patient Utilization
Of the 100 onboarded patients who have since completed treatment, 79 completed at least one lesson over the course of therapy.

During their respective treatment durations, these patients*:

- Engaged in 2,351 total sessions
- Completed 1,638 total therapy modules
- Spent 49 minutes per week, on average, in the PDTs
- 86% of patients started a session between 7pm and 8am (during non-clinic hours)

*All patient utilization data in this presentation is reflective of 79 patients who completed at least one lesson over the course of therapy, as indicated by the footnotes on the following slides

Definitions:
Session: Any time reSET/O is opened at least 10 minutes after the last use.

Indications for Use: End of Deck.
KORE Patients engaged with PDTs throughout the entire prescription

60% of patients were still active in weeks 9-12

Definitions:
Data on 79 engaged reSET and reSET-O patients with expired prescriptions as of 09/07/2022.
Engaged Patients: Patients that completed >= 1 lesson at some point during treatment.
Activity: Any use of reSET or reSET-O by a patient within a 24-hour period.

Indications for Use: End of Deck.
KORE Patients completed lessons throughout the entire prescription

On average, patients completed more than 3 modules in week 12

Definitions:
Data on 79 engaged reSET and reSET-O patients with expired prescriptions as of 09/07/2022.
Engaged Patients: Patients that completed >= 1 lesson at some point during treatment.

Indications for Use: End of Deck.
The Majority of KORE patients completed 4+ modules in Week 12

63% of patients were completing 4 or more modules in week 12

Definitions:
Data on 79 engaged reSET and reSET-O patients with expired prescriptions as of 09/07/2022.
Engaged Patients: Patients that completed >= 1 lesson at some point during treatment.

Indications for Use: End of Deck.
KORE patients started CBT lessons at all hours of the day and every day of the week

Lessons* by hour of the day

Typical clinic hours

Hour of Day

Day of Week

76% of patients started a lesson between 7pm and 8am

Definitions:
Data on 79 engaged reSET and reSET-O patients with expired prescriptions as of 09/07/2022.
Engaged Patients: Patients that completed >= 1 lesson at some point during treatment.

Indications for Use: End of Deck.
KORE patients utilized the check-in feature of the PDT to report cravings, triggers and drug use throughout the day and week.

78% of patients completed a check-in between 7pm and 8am.

**Definitions:**
Data on 79 engaged reSET and reSET-O patients with expired prescriptions as of 09/07/2022. Engaged Patients: Patients that completed >= 1 lesson at some point during treatment.

**Indications for Use:** End of Deck.
