

Therapy TAC Agenda

September 10, 2019

8:30

Review and approval of July minutes

Old business:

1. Any pre-certification issues currently?
2. Telehealth regs -- update on responses from DMS?
3. Any update on medicare rules, such as a PT/PTA team seeing more than 1 pt at a time?
Confusion on whether KY medicaid was requiring these rules, which would make treatment impossible in many clinics

New Business:

4. Codes -- if incorrect information is posted (rates or timed vs visit), do MCOs have to retro to January 1, regardless of date of correction? or is this just for new codes added to the schedule?
5. Other new business from TAC members
