 - Any pre-certification issues currently?
 - Codes – checked the PT list 97112, 97113, 97116, 97124 still listed as episode, these are timed codes. However, other requests have been added, including codes for telehealth.
 - Aetna and OT – update? Was information sent to Aetna?

 - Any update on Medicare rules, such as a PT/PTA team seeing more than 1 patient at a time? Confusion on whether KY Medicaid was requiring these rules, which would make treatment impossible in many clinics
