Review and approval of July minutes

Old business:

1. Issues with payment related to ADH centers (Mariposa, etc) -- proposal letter sent from Jim Hisle regarding HH during pandemic -- thoughts from the cabinet on this group as they received almost no service since shut down.
2. Issues with Anthem -- eval code billed with 97530 still not being paid after NCCI edit corrected in April; denying 97533 and 97535 due to undoing of modifier (using company called Cotiviti) -- Basically these edits are reversing the 59 modifier on any code sets. For Anthem MEDICAID, they are denying 97533 and 97535 all the time, not just when billed with 97530. Now that Wellcare is using Cotiviti as well, there is concern it will happen with them as well

New Business:

3. all three groups have had discussions with CHFS regarding FS issues -- paying for required CE, not being able to do FTF services as all other therapy providers are able to do. Still awaiting a response. Many of these children are recipients of medicaid
4. Seeing MPPR recoups from Humana again -- no orange envelope and this is material change.
5. Confusion from United Health Care on who to contact related to credentialing -- since this takes several months, this is concerning.
