

Cabinet for Health and Family Services  
Department for Medicaid Services

**Dental  
Technical Advisory Committee**

May 15,, 2019

9:00 – 11:30

Public Health. Conference Room C

Frankfort, Kentucky

**AGENDA**

1. Welcome and Introductions Dr. Bobrowski
2. Approval of Minutes from February 13, 2019 meeting TAC members
3. Reports and Updates
  - A. Medicaid Fee for Service
  - B. Anthem (Dentaquest)
  - C. Aetna, Humana, Passport, WellCare (Avesis)
  - D. Status of My Rewards Program and Kentucky HEALTH
  - E. Public Health Director – Dr. McKee
4. Old Business
  - A. TAC information request Dr. Johnson
  - B. Eligibility – problems continue, but are being worked on
    - Refiling costs to the office
    - Numerous dates in February, March and April of patients no being eligible for dental treatment
    - On 4/19/19 the state site was extremely slow to be able to check eligibility for day
  - C. Co-pays – problems continue, but are being worked on
  - D. Other
5. New Business
  - A. New Credentialing procedures
    - CAQH
    - Upon receipt of the re-credentialing package (MAP 900), it states providers as being in a limited risk category and may be subject to additional licensure or sanctions review – please explain.
  - B. Need for a true list of Medicaid Providers to the Medicaid members (Providers) – i.e. Doctors name or practice name, age group accepted, mileage accepted or counties accepted, accepting new Medicaid patients, referrals, etc.
  - C. Use of missed/cancelled appointment codes
    - Costs the dental office \$0.40 - \$0.70 average per claim to file this with the state when run through the clearinghouse
    - Wants to partner with providers on ideas to change this behavior

- D. Orthodontist/Referring GP: Young 20's patient had braces removed 4 years ago and now all top teeth are to be extracted due to poor oral hygiene.
- Patients are not being seen for 2-4 years and result in numerous cavities and some root canal treatments being needed
  - Oral hygiene level evaluation, history, immediately prior to ortho treatment OH evaluation. Better communications need to be occurring, requirement for ortho patient to return 6-12 months to GP for oral exam, cleaning and fluoride treatment for ortho treatment to continue

E. TAC workgroup -
