Web: HealthTrackRx.com

## Company Overview

HealthTrackRx is the nation's premier infectious disease laboratory with over 4 million samples processed, delivering accurate clinical results at one of the fastest speeds in the industry. We are a CAP-accredited, CLIA-licensed, Six-Sigma laboratory. Since 2010, we have provided diagnostic laboratory services to clinicians and served as a trusted partner to healthcare professionals nationwide.

Our technological advances in PCR testing have helped reshape patient care by mobilizing faster clinical decisions, cultivating insight on antibiotic stewardship and providing rapid, actionable results that enable providers to make informed patient treatment decisions.
