

## Information for the media

The Kentucky Cabinet for Health and Family Services (CHFS), of which the Kentucky Department for Public Health is an agency, has received hundreds of COVID-19 requests from international, national, regional, statewide and local media since the onset of the pandemic. Best effort is made to honor as many requests as possible. Media requests may be sent to the CHFS Office of Public Affairs. Contacts:

Susan Dunlap

Executive Director, CHFS Office of Public Affairs
