Marion, KY 42064  
270-965-1058  
Kimberly A. Ringstaff, Administrative Director of Laboratory

**About Crittenden Community Hospital Laboratory:**

Crittenden Community Hospital Laboratory is located in Marion but will be happy to serve any of the surrounding counties to continue with the fight against the Covid 19 virus. We take pride in keeping the communities we serve safe and strive to provide the best healthcare available. Crittenden Community Hospital hopes to assist our community and surrounding communities in returning to some normalcy in life after experiencing Covid 19.
