**Name:** Karen Gerwitz  
**Phone:** 716-206-9874

**Email:** [KarenGerwitz@eurofinsus.com](mailto:KarenGerwitz@eurofinsus.com)

## Secondary contact

**Name:** James Corne  
**Phone:** Office: 502-302-6351, Work cell: 256-479-5809, Personal: 540-818-5380

**Email:** [jamescorne@eurofins.com](mailto:jamescorne@eurofins.com)

## Areas Covered

All Kentucky counties.

## Test Quality

### Sensitivity

- 35 copies/mL LOD
- 100% inclusivity

### Accuracy

100%

### Precision

100%

## Services Offered

Unique	Test Offered	Type
<ul style="list-style-type: none"> <li><b>Test:</b> #1 COVID-19 PCR test, ranked in FDA reference panel for sensitivity, accuracy and precision. Sensitivity is critical in early detection for schools.</li> <li><b>Speed:</b> 24 hour turnaround in 99% of samples.</li> <li><b>Expertise:</b> 30 year history in genomics, 5 year history in clinical. Experience in pooled testing for K-12 schools.</li> <li><b>Test Frequency:</b> Recommend weekly screening test.</li> <li><b>Pooling:</b> any size up to 25 people.</li> <li><b>Collection:</b> self-collection or on-site support available</li> <li><b>Reputation / Accreditation:</b> CAP accredited, which is the gold-standard in clinical labs, as well as CLIA.</li> <li><b>Options:</b> Diagnostic, screening, surveillance, surface, wastewater and confirmatory (reflex) testing.</li> </ul>	<b>Individual COVID-19 Test</b>	Screening, diagnostic, confirmatory
	<b>Pooled COVID-19 Test</b> Any size up to 25	Surveillance, screening
	<b>At Home Collection Kit COVID-19</b>	Screening, diagnostic, confirmatory
	<b>HYBRID</b> Pool + Follow-up individual testing (confirmatory)	Surveillance, Screening, diagnostic, confirmatory
	<b>Rapid Antigen Test</b>	Diagnostic, screening, confirmatory
<p>*All tests are PCR based except for the Rapid Antigen test.                      **All tests except wastewater use dry, lower nasal swabs.                      ***Turnaround time based on historical data of 99% on time delivery, excluding inconclusive and indeterminate samples</p>		

## Resources Needed on Site

### Self-Collection

- All supplies are provided to school in advance
- Students swab themselves
- Simplest solution
- Pickup available

### On-Site Collection

- Electrical outlets, within 20 ft
- 4x4 storage area
- Wifi preferred
- 2-3 tables
- 2 chairs per table

### On-Site Team

- Experience in collection and school testing
- Medical professionals
- Prefer high-density groups, 20 people min
