

MAKO MEDICAL LABORATORIES

8461 Garvey Drive
Raleigh, NC 27616
(919)351-6256

About the Company: MAKO started out to stand out. At MAKO we serve our clients differently, with attention to timely results, accuracy, innovation, and — most importantly — with integrity. The MAKO aim from the beginning has been to disrupt healthcare’s status quo with passion and a heartfelt drive to give more to our clients. When the pandemic began, MAKO rapidly pivoted to meet the needs of communities across the country in every variation. With recently being awarded the CDC contract for variant testing; MAKO also brings the capabilities to stay on the frontend of the constantly changing pace of the pandemic. At MAKO, we provide creative solutions for states and local agencies to help them navigate their COVID testing strategies and pandemic response. MAKO’s main focus is to take the burden off state, local, and school administrators, K-12 healthcare workers, staff and teachers. Today, MAKO is ready, willing, and able to meet all needs of K-12 testing in Kentucky.
