

**About the Company** Pearl Medical & Diagnostic Laboratory is based in **Louisville, KY** and is founded by our CEO Dr. Osa Omoruyi (Geriatrician). Pearl Medical **currently provide onsite Covid 19 PCR Collections and Testing** since Aug. 2020 to over 20% of Kentucky's Nursing Home Community through the **State CHFS contract**. Pearl has a daily capacity of nearly 10,000 PCR tests per day and is proud to **partner with Quidel™ Services, LLC which just gained the State of Delaware k-12 contract offering its full service, Turnkey testing program.**

Pearl is the **only lab in the state of KY authorized to provide the Yale School of Public Health's SalivaDirect™ PCR Covid 19 Test**. Additionally, Pearl has existing **partnerships with Galen College of Nursing**, Home Instead Staffing, Accurate Healthcare Professionals, Homeland US, and Bee Line Courier Service to ensure all needs and timelines of this contract are fulfilled.

Lastly, Pearl is currently working with Galen College of Nursing and our collective relationships in **developing a Pediatric Covid 19 Task force** to help define best practices and outcomes in K-12 testing. Pearl is humbled to serve our commonwealth's schools as it has our Nursing Home Community.
