## OUR MISSION

Solaris Diagnostics is committed to partnering with your school to implement and develop necessary strategies with the common goal of keeping teachers, students, and staff safe and in the classroom. We understand the importance of in person learning, extracurricular activities, and student athlete participation. Solaris’s ability to be fluid with the needs of your school district will allow to be flexible in accomplishing the common goal.

Solaris Diagnostics has researched successful testing strategies implemented by other states such as “Test to Stay” and “Test to Play” which will be beneficial in developing your tailored testing strategy.

Solaris Diagnostics is committed to remaining on the cutting edge of diagnostic medicine and innovative strategies to maintain a high testing capacity and the fastest turn around time in the state. We are continually advancing our COVID-19 testing capabilities by introducing the most advanced and comprehensive techniques to benefit clinicians utilizing our services, and their patients who rely on us both for accurate diagnoses and the most effective treatments.
