

SPHERE DX

2277 Thunderstick Dr Ste 200
Lexington, KY 40505
502-830-9503

About the Company:

SphereDx is clinical testing lab focused on toxicology and infectious disease testing. During the COVID-19 pandemic SphereDx has offered COVID-19 testing throughout the Commonwealth of Kentucky including mass testing (2000+ per day) for various communities including higher education and K-12 school districts. SphereDx's lab operations are located in Lexington, KY, but SphereDx is able to dispatch collection teams throughout Kentucky to assist any and all communities needing start-of-the-art COVID-19 testing. SphereDx has contracted with Lexington/Fayette County, Louisville Metro, Jefferson Co Public Schools etc.
