

A PROVEN PARTNER FOR KEEPING SCHOOLS, THEIR STUDENTS, AND STAFF SAFE

Vault is a leading provider of COVID-19 testing for schools, providing turnkey solutions to sample collection, staffing-only services, or variations in between. Vault Medical has more than 1,200 employed or contracted experienced nurses, doctors, and other clinicians who are prepared to facilitate end-to-end testing sample collection. Our diverse offerings allow for frequent, affordable testing to support reopening efforts, provide critical data, and enhance public health, keeping your school community safe.
