1. TERMS AND CONDITIONS

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number IP13-1301, entitled Immunization and Vaccines for Children Program, and application dated March 29, 2018, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Supplemental funding in the amount of \$4,386,288 is approved for the Year 5 budget period, which is April 1, 2017 through June 30, 2019. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out efforts under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

Program Assessment

- CDC will provide guidance, trainings, tools and technical assistance to enable awardees to gain knowledge about program evaluation through NIC or other trainings and workshops, webinars and conference calls, and resources from other CDC programs and external organizations shared via <http://www.cdc.gov/vaccines/programs/progeval/default.htm>.
- CDC will provide the templates for the required Program Evaluation Topic Report, the Program Evaluation Plan, the Program Evaluation Final Report and the annual Program Evaluation Progress Report; CDC will review and provide feedback on these documents.
- CDC will review, as needed, data collection methodology and instruments developed by the awardee for their program evaluation.
- CDC evaluation staff will join project officers via conference call to review progress on program evaluation during site visits.
- CDC will assist, as needed, with interpretation of the program evaluation findings
- CDC will assist, as needed, with dissemination and publication of the program evaluation findings.
- CDC will provide resources to enable recipient to have appropriate and timely evidence-based education, training and communication materials. This can include technical assistance to sustain partnership development.
- CDC will analyze and report results of annual surveys regarding national, state and selected local level child, adolescent and adult immunization vaccination coverage.
- CDC will assist, as needed, in the interpretation, use, dissemination and publication of CDC-acquired and program-acquired vaccination coverage data.
- CDC will participate in the approval and design of sampling methods for school enterer vaccination coverage

surveys.

- CDC will assist, as needed, in the development of data collection and reporting methods for school-enterer vaccination coverage data.
- CDC will work with awardees and the BRFSS program at CDC to assess and develop vaccine coverage questions and provide state-level coverage estimates for vaccine coverage monitored through BRFSS. CDC will support quarterly meetings (by teleconference or, when possible, in person) of the National Adult Immunization Coordinators' Partnership to facilitate updates on issues specific to adult immunization.
- CDC will provide standards, guidance, and trainings on the AFIX process to assist awardees implement their quality improvement programs.
- CDC will analyze and report results of selected surveillance indicators for national surveillance data received electronically by CDC from jurisdictions, and will assist jurisdictions in the interpretation and use of those indicators.

Vaccine Access

- CDC will participate in the management of vaccine ordering through guidance, approval, and regular monitoring of the Cost and Affordability Tool and the Vaccine Ordering and Forecasting Application. Immunization information technology infrastructure
- CDC will support the production of guidance on topics impacting IIS operations.
- CDC will support the production and maintenance of IIS electronic interface guidance.
- CDC will advance activities to promote EXIS connections and business operations to Vaccine Tracking System (VTrckS).
- CDC will advance technology improvement areas to support immunization programs, including vaccine barcoding and clinical decisions support.
- CDC will develop and support improvements in IIS data quality and program evaluation measures to assess IIS performance. This includes comparing and reporting IIS evaluation measures against other vaccination and program standards.
- CDC will support the development of analytic methodologies to assess vaccination coverage using IIS data
- CDC will collaborate with external partners to promote IIS in national health IT initiatives.

Preparedness

- CDC will analyze and report results of annual surveys of awardee plans and activities related to preparedness.
- CDC will design and develop additional tools to assess awardee preparedness and coordination with preparedness offices for vaccine preventable disease outbreak and pandemic response as needed.

Direct Assistance (DA): DA is awarded in the amount of \$6,135 for **317 Operations** in this budget period.

Technical Review Statement Response Requirement: The review comments on the strengths and weaknesses of the proposal are provided as part of this award. A response to the technical review weaknesses, recommendations, and more information needed comments from the CDC Program staff in these statements must be submitted electronically to **eGrATIS**. A copy of the response must be submitted in Grant Notes section of the Grants Management Module in GrantSolutions, no later than 60 days from the budget period start date. Failure to submit the required information by the due date, September 3, 2018, will cause delay in programmatic progress and will adversely affect the future funding of this project.

Budget Revision Requirement: By September 3, 2018 the recipient must submit a revised budget to match the approved amount with a narrative justification. The submission must include a cover letter which bears the signature of the authorized organization representative and uploaded in the Grant Notes section of the Grants Management Module in

GrantSolutions. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the CDC Staff Contacts section of this notice before the due date.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

FUNDING RESTRICTIONS AND LIMITATIONS

Notice of Funding Opportunity (NOFO) Restrictions:

Funding Restrictions

Restrictions, which must be taken into account while writing the budget, are as follows:

- Recipients may not use funds for research.
- Recipients may not use funds for clinical care.
- Recipients may only expend funds for reasonable program purposes, including personnel, travel, supplies, and services, such as contractual.
- Recipients may not generally use HHS/CDC/ATSDR funding for the purchase of furniture or equipment. Any such proposed spending must be identified in the budget.
- The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project objectives and not merely serve as a conduit for an award to another party or provider who is ineligible.
- Reimbursement of pre-award costs is not allowed.

Indirect Costs:

Indirect costs are approved based on the recipient's approved Cost Allocation Plan dated September 30, 2014.

REPORTING REQUIREMENTS

Prevention Fund Recipient Reporting Rescission: Effective May 31, 2018, CDC grant award recipients that complete projects or activities which are funded under the Prevention and Public Health Fund (PPHF) (Section 4002 of Public Law 111-148) are no longer required to report separately on their use of PPHF funds, or distinguish sub-recipients use of PPHF funds. The rescission of PPHF reporting requirements does not alter or change administrative, programmatic, financial, or other reporting requirements indicated in a Notice of Award.
