2. In accepting this award, the grantee stipulates that the award and any activities thereunder are subject to all provisions of 42 CFR part 59 subpart A currently in effect or implemented during the period of the grant.
3. Notwithstanding any other provision of law, no provider under Title X of the Public Health Service Act shall be exempt from any State law requiring notification for the reporting of child abuse, child molestation, sexual abuse, rape, or incest.
4. In accepting this award, the grantee certifies that it will encourage family participation in the decision of minors to seek family planning services and that it provides counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities.
5. In order to maintain an accurate record of current Title X service sites, grantees are expected to provide timely notice to the Office of Population Affairs (OPA), as well as to the appropriate HHS regional office, of any deletions, additions, or changes to the name, location, street address and email, and contact information for Title X grantees and service sites. This database will also be used to verify eligibility for 340b program registration and recertification. You must enter your changes to the Title X database within 30 days of the change at <https://www.opa-fpclinicdb.com/>. All changes will be reviewed and approved by the relevant HHS regional office prior to being posted on the OPA website. This does not replace the prior approval requirement under HHS grants policy for changes in project scope, including clinic closures.
6. If you or your sub-recipient(s) enrolls in the 340B Program, you must comply with all 340B Program requirements. You may be subject to audit at any time regarding 340B Program compliance. 340B Program requirements are available at <http://www.hrsa.gov/opa/programrequirements/>
7. FY 2017 Title X Program Priorities and Key Issues

Program Priorities: Each year the OPA establishes program priorities that represent overarching goals for the Title X program. Program priorities derive from Healthy People 2020 Objectives and from the Department of Health and Human Services (HHS) priorities. Project plans should be developed that address the 2017 Title X program priorities, and should provide evidence of the project's capacity to address program priorities as they evolve in future years. The 2017 program priorities are as follows:

1. Assuring the delivery of quality family planning and related preventive health services, with priority for services to individuals from low-income families. This includes ensuring that grantees have the capacity to support implementation (e.g., through staff training and related systems changes) of the Title X program guidelines throughout their Title X services projects, and that project staff have received training on Title X program requirements;
2. Assessing clients' reproductive life plan as part of determining the need for family planning services, and providing preconception services as stipulated in QFP;
3. Providing access to a broad range of acceptable and effective family planning methods and related preventive health services in accordance with the Title X program requirements and the 2014 QFP. These services include, but are not limited to, contraceptive services, pregnancy testing and counseling, services to help clients achieve pregnancy, basic infertility services, STD services, preconception health services, and breast and cervical cancer screening. The broad range of services does not include abortion as a method of family planning;
4. Ensuring that all clients receive contraceptive and other services in a voluntary, client-centered and non-coercive manner in accordance with QFP and Title X requirements.
5. Identifying individuals, families, and communities in need, but not currently receiving family planning services, through outreach to hard-to-reach and/or vulnerable populations, and partnering with other community-based health and social service providers that provide

NOTICE OF AWARD (Continuation Sheet)

needed services; and

6. Demonstrating that the project's infrastructure and management practices ensure sustainability of family planning and reproductive health services delivery throughout the proposed service area including:

--Incorporation of certified Electronic Health Record (EHR) systems that have the ability to capture family planning data within structured fields;

--Evidence of contracts with insurance plans and systems for third party billing as well as the ability to facilitate the enrollment of clients into private insurance and Medicaid, optimally onsite; and to report on numbers of clients assisted and enrolled; and

--Addressing the comprehensive health care needs of clients through formal, robust linkages or integration with comprehensive primary care providers

8. **Key Issues:** In addition to program priorities, the following key issues have implications for Title X services projects and should be considered in developing the project plan:

1. Incorporation of the 2014 Title X Program Guidelines throughout the proposed service area as demonstrated by written clinical protocols that are in accordance with Title X Requirements and QFP.
2. Efficiency and effectiveness in program management and operations;
3. Patient access to a broad range of contraceptive options, including long acting reversible contraceptives (LARC), other pharmaceuticals, and laboratory tests, preferably on site;
4. Use of performance measures to regularly perform quality assurance and quality improvement activities, including the use of measures to monitor contraceptive use;
5. Establishment of formal linkages and documented partnerships with comprehensive primary care providers, HIV care and treatment providers, and mental health, drug and alcohol treatment providers;
6. Incorporation of the National HIV/AIDS Strategy (NHAS) and CDC's "Revised Recommendations for HIV Testing of Adults, Adolescents and Pregnant Women in Health Care Settings;" and
7. Efficient and streamlined electronic data collection (such as for the Family Planning Annual Report (FPAR)), reporting and analysis for internal use in monitoring staff or program performance, program efficiency, and staff productivity in order to improve the quality and delivery of family planning services.

at 45 CFR Part 75 effective December 26, 2014.

2. All amendment requests requiring prior approval from the awarding office (See Part II, HHS Grants Policy Statement (GPS), any references in the GPS to 45 CFR Part 74 or 92 are now replaced by 2 CFR Part 200 and 45 CFR Part 75) must be signed by the grantee authorizing official and or PI/PD and submitted through the GrantSolutions Amendment Module. Such responses will not be considered binding by or upon any OASH Office.

Any other correspondence not relating to a prior approval item should be uploaded to Grant Notes within the GrantSolutions system. Include the Federal grant number and signature of the authorized business official and the project director on all such correspondence.

3. The *Consolidated Appropriations Act, 2017* (Public Law 115-31), limits the use of federal funds from the HHS Office of the Assistant Secretary for Health (OASH) on all grant or cooperative agreements henceforth including the current budget period.

(1) Salary Limitation

"None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II."

Effective January 8, 2017, the Salary Limitation is based upon the Executive Level II of the Federal Executive Pay Scale. That amount is **\$187,000**. For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. An individual's direct salary is not constrained by the legislative provision for a limitation of salary. The rate limitation simply limits the amount that may be awarded and charged to the grant. A recipient may pay an individual's salary amount in excess of the salary cap with non-federal funds.

(2) Anti-Lobbying

"(a) No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used, other than for normal and recognized executive legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation to the Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government, except in presentation to the executive branch of any State or local government itself.

(b) No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than for normal and recognized executive-legislative relationships or participation by an agency or officer of a State, local or tribal government in policymaking and administrative processes within the executive branch of that government.

(c) The prohibitions in subsections (a) and (b) shall include any activity to advocate or promote any proposed, pending or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including

8. Reporting of Matters Related to Recipient Integrity and Performance

1. General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which You Must Report

Submit the information required about each proceeding that:

- a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;
- b. Reached its final disposition during the most recent five year period; and
- c. If one of the following:
 - (1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition;
 - (2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;
 - (3) An administrative proceeding, as defined in paragraph 5 of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of \$5,000 or more or reimbursement, restitution, or damages in excess of \$100,000; or
 - (4) Any other criminal, civil, or administrative proceeding if:
 - (i) It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;
 - (ii) It had a different disposition arrived at by consent or compromise with an acknowledgement of fault on your part; and

does not conflict with applicable laws and regulations.

3. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were awarded.

4. Reporting Frequency

During any period of time when you are subject to this requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than \$10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5. Definitions

For purposes of this award term and condition:

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). It does not include audits, site visits, corrective plans, or inspection of deliverables.

b. Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c. Total value of currently active grants, cooperative agreements, and procurement contracts includes

(1) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and

(2) The value of all expected funding increments under a Federal award and options, even if not yet exercised
