2. In accepting this award, the grantee stipulates that the award and any activities thereunder are subject to all provisions of 42 CFR part 59 subpart A currently in effect or implemented during the period of the grant.

3. Notwithstanding any other provision of law, no provider under Title X of the Public Health Service Act shall be exempt from any State law requiring notification for the reporting of child abuse, child molestation, sexual abuse, rape, or incest.

4. In accepting this award, the grantee certifies that it will encourage family participation in the decision of minors to seek family planning services and that it provides counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities.

5. In order to maintain an accurate record of current Title X service sites, grantees are expected to provide timely notice to the Office of Population Affairs (OPA), as well as to the appropriate HHS regional office, of any deletions, additions, or changes to the name, location, street address and email, and contact information for Title X grantees and service sites. This database will also be used to verify eligibility for 340b program registration and recertification. You must enter your changes to the Title X database within 30 days of the change at [https://www.opa-fpclinicdb.com/](https://www.opa-fpclinicdb.com/). All changes will be reviewed and approved by the relevant HHS regional office prior to being posted on the OPA.
website. This does not replace the prior approval requirement under HHS grants policy for changes in project scope, including clinic closures.

6. In accepting this award, the grantee stipulates that the award and any activities thereunder are subject to all provisions of 42 CFR part 59 subpart A currently in effect or implemented during the period of the grant.

Notwithstanding any other provision of law, no provider under Title X of the Public Health Service Act shall be exempt from any State law requiring notification for the reporting of child abuse, child molestation, sexual abuse, rape, or incest.

In order to maintain an accurate record of current Title X service sites, grantees are expected to provide timely notice to the Office of Population Affairs (OPA), as well as to the appropriate HHS regional office, of any deletions, additions, or changes to the name, location, street address and email, and contact information for Title X grantees and service sites. This database will also be used to verify eligibility for 340b program registration and recertification. You must enter your changes to the Title X database within 30 days of the change at https://www.opa-fpcclinicdb.com/. All changes will be reviewed and approved by the relevant HHS regional office prior to being posted on the OPA website. This does not replace the prior approval requirement under HHS grants policy for changes in project scope, including clinic closures.

If you or your sub-recipient(s) enrolls in the 340B Program, you must comply with all 340B Program requirements. You may be subject to audit at any time regarding 340B Program compliance. 340B Program requirements are available at http://www.hrsa.gov/opa/programrequirements/

7. **Program Priorities:** Each year the OPA establishes program priorities that represent overarching goals for the Title X program. Program priorities derive from the Department of Health and Human Services (HHS) priorities. Applicants should provide evidence of their capacity to address program priorities. The FY 2018 program priorities are as follows:

1. Assuring innovative high quality family planning and related health services that will improve the overall health of individuals, couples and families, with priority for services to those of low-income families, offering, at a minimum, core family planning services enumerated earlier in this Funding Announcement. Assuring that projects offer a broad range of family planning and related health services that are tailored to the unique needs of the individual, that include natural family planning methods (also known as fertility awareness based methods) which ensure breadth and variety among family planning methods offered, infertility services, and services for adolescents; breast and cervical cancer screening and prevention of STDs as well as HIV prevention education, counseling, testing, and referrals.

2. Assuring activities that promote positive family relationships for the purpose of increasing family participation in family planning and healthy decision-making; education and counseling that prioritize optimal health and life outcomes for every individual and couple; and other related health services, contextualizing Title X services within a model that promotes optimal health outcomes for the client.

3. Ensuring that all clients are provided services in a voluntary, client-centered and non-coercive manner in accordance with Title X regulations.

4. Promoting provision of comprehensive primary health care services to make it easier for individuals to receive both primary health care and family planning services preferably in the same location, or through nearby referral providers, and increase incentive for those
individuals in need of care choosing a Title X provider.
5. Assuring compliance with State laws requiring notification or the reporting of child abuse, child molestation, sexual abuse, rape, incest, intimate partner violence, and human trafficking.
6. Encouraging participation of families, parents, and/or legal guardians in the decision of minors to seek family planning services; and providing counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities; and
7. Demonstrating that Title X activities are separate and clearly distinct from non-Title X activities, ensuring that abortion is not a method of family planning for this grant.
8. Use of OPA performance metrics to regularly perform quality assurance and quality improvement activities.

8. **Key Issues:** In addition to program priorities, the following key issues should be considered in developing the project plan:

   1. Efficiency and effectiveness in program management and operations;
   2. Management and decision-making and accountability for outcomes;
   3. Cooperation with community-based and faith-based organizations;
   4. Meaningful collaboration with subrecipients and documented partners in order to demonstrate a seamless continuum of care for clients;
   5. A meaningful emphasis on education and counseling that communicates the social science research and practical application of topics related to healthy relationships, to committed, safe, stable, healthy marriages, and the benefits of avoiding sexual risk or returning to a sexually risk-free status, especially (but not only) when communicating with adolescents;
   6. Activities for adolescents that do not normalize sexual risk behaviors, but instead clearly communicate the research informed benefits of delaying sex or returning to a sexually risk-free status.
   7. Emphasis on the voluntary nature of family planning services;
   8. Data collection (such as the Family Planning Annual Report (FPAR) for use in monitoring performance and improving family planning services.

**STANDARD TERMS**

1. You must comply with all terms and conditions outlined in the grant award, including grant policy terms and conditions contained in applicable Department of Health and Human Services (HHS) Grant Policy Statements (GPS), (note any references in the GPS to 45 CFR Part 74 or 92 are now replaced by 45 CFR Part 75, and the SF-269 is now the SF-425), and requirements imposed by program statutes and regulations, Executive Orders, and HHS grant administration regulations, as applicable; as well as any requirements or limitations in any applicable appropriations acts. By drawing or otherwise obtaining funds for the award from the grant payment system or office, you accept the terms and conditions of the award and agree to perform in accordance with the requirements of the award.

Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS awards are
at 45 CFR Part 75 effective December 26, 2014.

2. Certain changes to your project or personnel require prior approval from the Grants Management Officer (GMO). (See Part II, HHS Grants Policy Statement (GPS), any references in the GPS to 45 CFR Part 74 or 92 are now replaced by 45 CFR Part 75). All amendment requests requiring prior approval must be signed by the grantee authorizing official and or PI/PD and submitted through the GrantSolutions Amendment Module. Only responses signed by the GMO are considered valid. If you take action on the basis of responses from other officials or individuals, you do so at your own risk. Such responses will not be considered binding by or upon any OASH Office.

Any other correspondence not relating to a prior approval item should be uploaded to Grant Notes within the GrantSolutions system. Include the Federal grant number and signature of the authorized business official and the project director on all such correspondence.

3. The Consolidated Appropriations Act, 2018, limits the use of federal funds from the HHS Office of the Assistant Secretary for Health (OASH) on all grant or cooperative agreements henceforth including the current budget period.

   (1) Salary Limitation

"None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II."

   **Effective January 7, 2018, the Salary Limitation is based upon the Executive Level II of the Federal Executive Pay Scale.** That amount is **$189,600**. For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. An individual's direct salary is not constrained by the legislative provision for a limitation of salary. The rate limitation simply limits the amount that may be awarded and charged to the grant. A recipient may pay an individual’s salary amount in excess of the salary cap with non-federal funds.

   (2) Acknowledge of Federal Grant Support (Section 505)

When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all grantees receiving Federal funds included in this Act, including but not limited to State and local governments and recipients of Federal research grants, shall clearly state—

   (1) the percentage of the total costs of the program or project which will be financed with Federal money;

   (2) the dollar amount of Federal funds for the project or program; and

   (3) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

By “same-sex spouses,” HHS means individuals of the same sex who have entered into marriages that are valid in the jurisdiction where performed, including any of the 50 states, the District of Columbia, or a U.S. territory or in a foreign country, regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. By “same-sex marriages,” HHS means marriages between two individuals validly entered into in the jurisdiction where performed, including any of the 50 states, the District of Columbia, or a U.S. territory or in a foreign country, regardless of whether or not the couple resides in a jurisdiction that recognizes same-sex marriage. By “marriage,” HHS does not mean registered domestic partnerships, civil unions or similar formal relationships recognized under the law of the jurisdiction of celebration as something other than a marriage.

8. Reporting of Matters Related to Recipient Integrity and Performance
1. General Reporting Requirement

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds $10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings described in paragraph 2 of this award term and condition. This is a statutory requirement under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313). As required by section 3010 of Public Law 111-212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

2. Proceedings About Which You Must Report

Submit the information required about each proceeding that:

a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;

b. Reached its final disposition during the most recent five year period; and

c. If one of the following:

(1) A criminal proceeding that resulted in a conviction, as defined in paragraph 5 of this award term and condition;

(2) A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of $5,000 or more;

(3) An administrative proceeding, as defined in paragraph 5 of this award term and condition, that resulted in a finding of fault and liability and your payment of either a monetary fine or penalty of $5,000 or more or reimbursement, restitution, or damages in excess of $100,000; or

(4) Any other criminal, civil, or administrative proceeding if:

(i) It could have led to an outcome described in paragraph 2.c.(1), (2), or (3) of this award term and condition;

(ii) It had a different disposition arrived at by consent or compromise with an acknowledgement of fault on your part; and

(iii) The requirement in this award term and condition to disclose information about the proceeding does not conflict with applicable laws and regulations.

3. Reporting Procedures

Enter in the SAM Entity Management area the information that SAM requires about each proceeding described in paragraph 2 of this award term and condition. You do not need to submit the information a second time under assistance awards that you received if you already provided the information through SAM because you were required to do so under Federal procurement contracts that you were
awarded.

4. Reporting Frequency

During any period of time when you are subject to this requirement in paragraph 1 of this award term and condition, you must report proceedings information through SAM for the most recent five year period, either to report new information about any proceeding(s) that you have not reported previously or affirm that there is no new information to report. Recipients that have Federal contract, grant, and cooperative agreement awards with a cumulative total value greater than $10,000,000 must disclose semiannually any information about the criminal, civil, and administrative proceedings.

5. Definitions

a. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

b. Conviction, for purposes of this award term and condition, means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

c. Total value of currently active grants, cooperative agreements, and procurement contracts includes

   (1) Only the Federal share of the funding under any Federal award with a recipient cost share or match; and

   (2) The value of all expected funding increments under a Federal award and options, even if not yet exercised

9.
