

INSTRUCTIONS FOR USE OF THE BREAST CANCER SCREENING REPORT (ACH-16)

The ACH-16 is used to request and document results of mammograms from the radiology provider. The mammogram narrative report should be kept with the completed ACH-16 and filed together in the medical record. The ACH-16 should be filled out on all women being referred for a mammogram regardless of income, age, or payer status.

TO BE COMPLETED BY LHD

1. Enter the name of the LHD requesting the mammogram or diagnostic breast ultrasound.
2. Attach a lab label in the place provided.
3. Complete items 1–6 with information from the current history.
4. Enter the results of the clinical breast examination in item 7.
5. Enter the type of mammogram requested, the visit date, and the signature and identification number of the clinical breast examination provider in item 8.
6. Enter the name, address, and telephone number of the contracted surgeon who will be evaluating abnormal test results (or patient's PMD).

TO BE SIGNED BY THE PATIENT

1. Have the patient sign the referral section.
2. Retain the copy of the form in a tickler file at the LHD to track receipt of the mammogram results. The form should be sent to the radiology facility.
3. If desired by the patient, have a release of information (ROI) signed so a copy of the mammogram result can be sent to the patient's family physician.

TO BE COMPLETED BY MAMMOGRAPHY PROVIDER

1. Check the one type of mammogram performed in item 9. If a screening mammogram is requested in item 8, a screening mammogram should be performed. If the LHD requests a diagnostic mammogram in item 8, an initial diagnostic mammogram should be performed. When a screening mammogram has been requested and performed and the radiologist has determined the need for additional views, a second ACH-16 should be initiated and Follow-up Diagnostic checked in item 9.
2. The applicable BI-RAD category is checked by the radiologist in item 10. Include a description of any negative findings, the date of the mammogram, and the signature of the radiologist.
3. Enter the name and address of the agency storing the mammography films.
4. The mammography provider keeps a copy of the form.
5. A copy of the completed ACH-16 is returned to the LHD.

A LHD nurse shall note results and the patient shall be notified. A copy of the form shall be filed in the medical record with the narrative report attached to it
