Landscape of Kentucky Family Planning

Currently

Local Health Departments
with a mix of services

Eight Federally Qualified
Health Centers or Look A
Likes

Historically

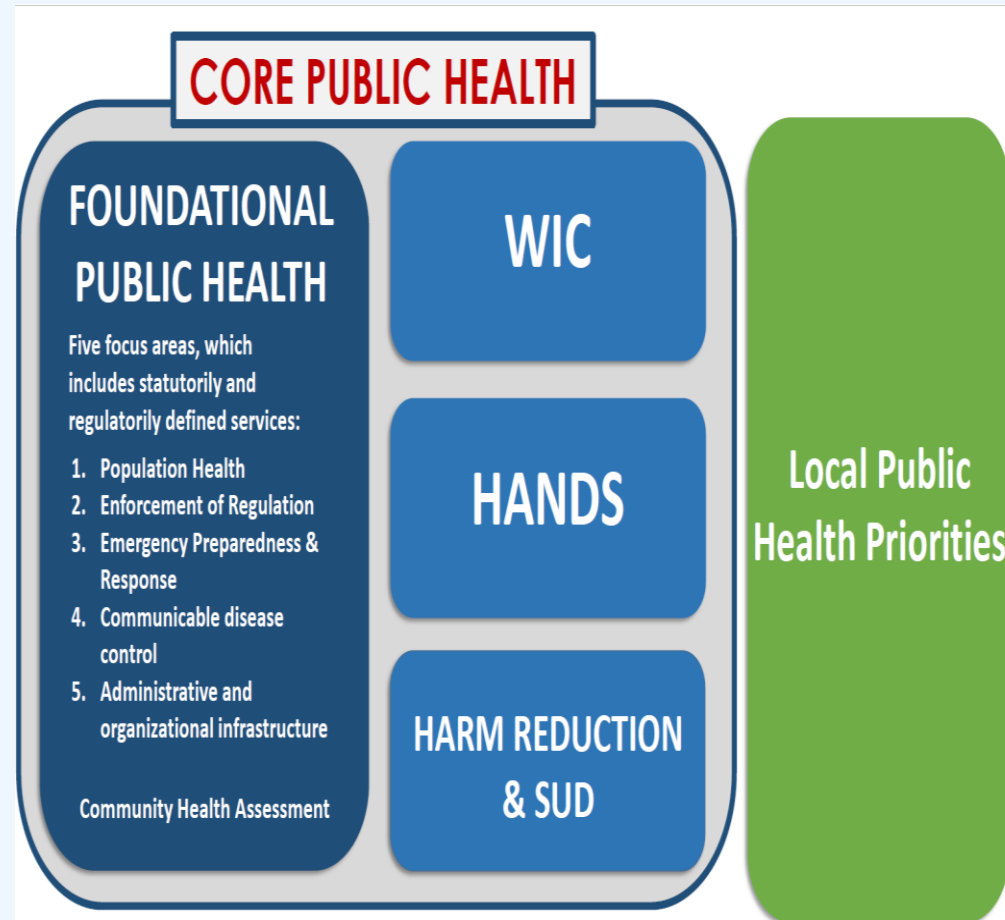

Local Health Departments with
full services

Couple of Federally Qualified
Health Centers or Look-A-Likes

Family Planning & Public Health Transformation

Kentucky ranks higher than national average

- Fertility rates (ages 15-44) overall
- Teen birth rates (ages 15-19)*

No legislation, statutes, or regulations

- Local Health Priorities
- Based on Local Needs Assessment

*Center for Disease Control and Prevention, 2019
